Disability Informatics and Web Accessibility for Motor Limitations Kouroupetroglou, Georgios, 2013-08-31 As technology becomes an increasingly vital aspect of modern social interaction the field of disability informatics and web accessibility has made significant progress in consolidating theoretical approaches and exploring new application domains for those with motor and cognitive disabilities *Disability Informatics and Web Accessibility for Motor Limitations* explores the principles methods and advanced technological solutions in the use of assistive technologies to enable users with motor limitations This book is essential for academia industry and various professionals in fields such as web application designers rehabilitation scientists ergonomists and teachers in inclusive and special education This publication is integrated with its pair book *Assistive Technologies and Computer Access for Motor Disabilities* *Architecture and the Modern Hospital* Julie Willis, Philip Goad, Cameron Logan, 2018-10-09 More than any other building type in the twentieth century the hospital was connected to transformations in the health of populations and expectations of lifespan From the scale of public health to the level of the individual the architecture of the modern hospital has reshaped knowledge about health and disease and perceptions of bodily integrity and security However the rich and genuinely global architectural history of these hospitals is poorly understood and largely forgotten This book explores the rapid evolution of hospital design in the twentieth century analysing the ways in which architects and other specialists reimagined the modern hospital It examines how the vast expansion of medical institutions over the course of the century was enabled by new approaches to architectural design and it highlights the emerging political conviction that physical health would become the cornerstone of human welfare **The Knights of Malta** H. J. A. Sire, 1996-01-01 This is a complete history of the Order of St John or Knights of Malta Founded as a hospice for pilgrims in Jerusalem in the 11th Century the Order has in succeeding centuries played an important military religious and political role in the history of Europe and the Mediterranean **New York Medical Times**, 1892
