City Of Islands Caribbean Intellectuals In New York Caribbean Studies Series:

City of Islands Tammy L. Brown, 2015-09-02 Tammy L Brown uses the life stories of Caribbean intellectuals as windows into the dynamic history of immigration to New York and the long battle for racial equality in modern America. The majority of the 150,000 black immigrants who arrived in the United States during the first wave of Caribbean immigration to New York hailed from the English speaking Caribbean, mainly Jamaica, Barbados, and Trinidad. Arriving at the height of the Industrial Revolution and a new era in black culture and progress, these black immigrants dreamed of a more prosperous future. However, northern style Jim Crow hindered their upward social mobility. In response, Caribbean intellectuals delivered speeches and sermons, wrote poetry and novels, and created performance art pieces challenging the racism that impeded their success. Brown traces the influences of religion as revealed at Unitarian minister Ethelred Brown's Harlem Community Church and in Richard B. Moore's fiery speeches on Harlem street corners during the age of the New Negro. She investigates the role of performance art and Pearl Primus's declaration that dance is a weapon for social change during the long civil rights movement. Shirley Chisholm's advocacy for women and all working class Americans in the House of Representatives and as a presidential candidate during the peak of the Feminist Movement moves the book into more overt politics. Novelist Paule Marshall's insistence that black immigrant women be seen and heard in the realm of American Arts and Letters at the advent of multiculturalism reveals the power of literature. The wide ranging styles of Caribbean campaigns for social justice reflect the expansive imaginations and individual life stories of each intellectual. Brown studies. In addition to deepening our understanding of the long battle for racial equality in America, these life stories reveal the powerful interplay between personal and public politics.

Shirley Chisholm Anastasia C. Curwood, 2022-12-06 Shaking up New York and national politics by becoming the first African American congresswoman and later the first Black major party presidential candidate, Shirley Chisholm left an indelible mark as an unbought and unbossed firebrand and a leader in politics for meaningful change. Chisholm spent her formative years moving between Barbados and Brooklyn, and the development of her political orientation did not follow the standard narratives of the civil rights or feminist establishments. Rather, Chisholm arrived at her Black feminism on her own path, making signature contributions to U.S. politics as an inventor and practitioner of Black feminist power, the vantage point centering Black girls and women in the movement that sought to transform political power into a broadly democratic force. Anastasia C. Curwood interweaves Chisholm's public image, political commitments, and private experiences to create a definitive account of a consequential life. In so doing, Curwood suggests new truths for understanding the social movements of Chisholm's time and the opportunities she forged for herself through multicultural, multigenerational

together essays from an array of scholars exploring the troubled relationship between architecture and antidemocratic politics. Comprising detailed case studies throughout the world spanning from the early nineteenth century to the present, *Architecture against Democracy* analyzes crucial occasions when the built environment has been harnessed as an instrument of authoritarian power. Alongside chapters focusing on paradigmatic episodes from twentieth-century German and Italian fascism, the contributors examine historic and contemporary events and subjects that are organized thematically, including the founding of the Smithsonian Institution, Ellis Island infrastructure, the aftermath of the Paris Commune, Cold War West Germany, and Iraq. Frank Lloyd Wright's domestic architecture and Istanbul's Taksim Square. Through the range and depth of these accounts, *Architecture against Democracy* presents a selective overview of antidemocratic processes as they unfold in the built environment throughout Western modernity, offering an architectural history of the recent nationalist international. As new forms of nationalism and authoritarian rule proliferate across the globe, this timely collection offers fresh understandings of the role of architecture in the opposition to democracy.

T&T Clark Handbook of African American Theology, 2019-07-25. This handbook explores the central theme of Christian faith from various disciplinary approaches and different contexts of black experience in the United States. The central unifying theme is freedom, an important concept both in American culture and Christianity. African American theology represents a Christian understanding of God's freedom and the good news of God's call for all humankind to enter life, true human identity, and moral responsibility in genuine and just community. Contributors to the volume argue that African American theology highlights how racism and other intersecting forms of oppression complicate the human predicament and that their eradication requires an expansion of salvation to include the liberation of persons who lack full participation in society and enjoyment of the good and goods made possible by that society. The essays in this handbook employ the tools of biblical criticism, history, cultural and social analysis, religious studies, philosophy, and systematic theology in order to explore and assess the nature and impact of race, ethnicity, gender, sexuality, class, immigration, and cultural and moral pluralism in America, as well as the intersections between African American and African diasporan religious thought and life.

Caribbean New York, Philip Kasinitz, 1992. Since 1965, West Indians have been emigrating to the United States in record numbers, and to New York City in particular. *Caribbean New York* shows how the new immigration is reshaping American race relations and sheds much needed light on factors that underlie some of the city's explosive racial confrontations. Philip Kasinitz examines how two forces, racial solidarity and ethnic distinctiveness, have helped to shape the identity of New York's West Indian community. He compares new post-1965

immigrants with West Indians who arrived earlier in the century and looks in detail at the economic political and cultural rules that Afro Caribbean immigrants have played in the city during each period Teaching Anglophone Caribbean Literature Supriya M. Lets delve into the realm of top-selling books, exploring the captivating narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. City Of Islands Caribbean Intellectuals In New York Caribbean Studies Series : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and suspenseful novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
