Policing Pain Kevin Revier,2025-11-11 How the medicalization of addiction during the U S opioid crisis has driven mass incarceration and mass policing in rural and deindustrialized communities The nationwide opioid public health emergency has led many advocates and public officials to call for drug policy reforms that reject traditional law and order approaches In Policing Pain Kevin Revier approaches the opioid epidemic from an abolitionist framework that seeks to treat people who use opioids not as so called criminals but as people in need of health care Based on two years of ethnographic research in Upstate New York a region highly impacted by overdoses job loss and deindustrialization Revier shows that incorporation of treatment within the criminal justice system has ultimately expanded the scope of the drug war turning individuals into treatable carceral subjects who are both medicalized and criminalized He argues that the incorporation of medical rhetoric and treatment within the criminal legal system maintains a carceral approach in rural and low income areas facing high rates of opioid overdose and economic disinvestment further entrenching the carceral state in the lives of people who use drugs Ultimately Policing Pain explores alternative strategies to promote harm reduction from an abolitionist ethic of care that advocates for people who use drugs while seeking to minimize criminal justice involvement in drug related issues The Grand Old Man of Baseball Norman L. Macht,2015-10-01 In The Grand Old Man of Baseball Norman L Macht chronicles Connie Mack s tumultuous final two decades in baseball After Mack had built one of baseball s greatest teams the 1929 31 Philadelphia Athletics the Depression that followed the stock market crash fundamentally reshaped Mack s legacy as his

team struggled on the field and at the gate Among the challenges Mack faced a sharp drop in attendance that forced him to sell his star players the rise of the farm system which he was slow to adopt the opposition of other owners to night games which he favored the postwar integration of baseball which he initially opposed a split between the team's heirs Mack's sons Roy and Earle on one side their half brother Connie Jr on the other that tore apart the family and forced Mack to choose unwisely between them and finally the disastrous 1951-54 seasons in which Roy and Earle ran the club to the brink of bankruptcy By now aged and mentally infirm Mack watched in bewilderment as the business he had built fell apart Broke and in debt Roy and Earle feuded over the sale of the team In a never before revealed series of maneuvers Roy double crossed his father and brother and the team was sold and moved to Kansas City in 1954 In Macht's third volume of his trilogy on Mack he describes the physical mental and financial decline of Mack's final years which unfortunately became a classic American tragedy
