Bypass Gemini Big Sigma Volume 1:

The Big Sigma Collection Joseph R. Lallo, 2017-03-02 **Bypass Gemini** Joseph R. Lallo, 2011-05-03 In a distant future Trevor Lex Alexander was shaping up to be the next great race pilot until a fixed race got him banned from the sport Reduced to making freelance deliveries he thinks his life can't get any worse That's when a package manages to get him mixed up with mobsters a megacorp and a mad scientist Now his life depends on learning what their plans are and how he can stop them **Free-Wrench** Joseph R. Lallo, 2014-07-16 The islands of Caldera are a shining jewel in a rather bleak world A terrible calamity in the past had blanketed much of the world with a toxic fog Those who survived were forced to take to the mountains and the skies in wondrous airships Life has since been a struggle with only the most ruthless and crafty able to survive To spare themselves the same fate the Calderans erected a battery of guns to fend off the airships of the mainland They isolated themselves from the madness of the world choosing instead to focus on the pursuits of art and creativity Few believe the technologically advanced but socially barbarous outsiders have anything to offer Amanita Graus though is hoping that they do Nita's mother has lost her livelihood and perhaps soon her life to a terrible disease Already the black sheep of the family for embracing engineering rather than art Nita resolves to leave the safety of her home and do whatever it takes to find a cure For a price the bizarre crew of an airship called The Wind Breaker are willing to grant her a meeting with their mysterious benefactors and thus a chance to procure the one thing with a chance to save her mother Free Wrench follows Nita's adventures in a steampunk world of airships and lunatics Helping her in her journey are an eccentric crew of smugglers the gruff Captain Mack the simple but enthusiastic Lil and Coop the arrogant marksman Gunner the surly surgeon Butch and the irritable mascot Wink To survive and find what she seeks she'll need to earn their trust follow their rules and meet face to face with the people who pull the strings of their society **Galactic Empires** M. Pax, Patty Jansen, Mark E. Cooper, Daniel Arenson, Joseph Lallo, Chris Reher, David VanDyke, 2016-01-01 Seven full length novels of adventure war intrigue and survival in the far reaches of space The Backworlds by M Pax A man struggles to survive in the harsh world of humanity's outer settlements and prove his father wrong Ambassador 1 Seeing Red by Patty Jansen To look an alien superior in the eye is a deadly offense To accuse him of a political murder Alien Hunters by Daniel Arenson A scruffy alien pest controller faces an alien threat the likes of which the universe has never seen Hard Duty by Mark E Cooper Hostile aliens nearly eradicated humanity Will the next encounter finish the job Bypass Gemini by Joseph Lallo A disgraced racer pilot gets mixed up with a mega corporation Now he has to stop them Sky Hunter by Chris Reher Sent to a human outpost to investigate sabotage a pilot finds more trouble than she bargained for First Conquest by David VanDyke To find a home and keep humanity safe from hostile aliens Task Force Conquest must fight to seize a new star system **Artificial Evolution** Joseph R. Lallo, 2014-12-18 Artificial Evolution is the third book in the Big Sigma series building upon the story and characters introduced by Bypass Gemini and Unstable Prototypes Lex Michella and Squee are once again joined by the

mercenaries Silo and Garotte Along the way they ll need plenty of help from mad engineer Karter Dee and his AI Ma After butting heads with the megacorporation known as VectorCorp it was only a matter of time before Lex Alexander and his girlfriend Michella Modane would face the consequences It is remarkable what a single corporate agent with the resources of a multi global conglomerate can do to a person s career In the space of a few days Lex is looking for work and Michella is feeling pressure from the network to ease off the hard hitting stories Not one to be silenced Michella quickly hatches a plan to continue her investigations under the guise of a fluff story about a so called extraterrestrial and who better to be her personal driver than Lex Meanwhile mercenaries Silo and Garotte are still nipping at the heels of the terrorist group known as the Neo Luddites Rumors of an attempt to secure a devastating weapon bring the pair to a forgotten little planet in an undeveloped corner of the galaxy Circumstances require that local authorities lay claim to the terrorists apparent target but what sort of threat could one gangly collection of anatomical curiosities pose to the galaxy The answer to that question will put our heroes to the test and leave a whole world hanging in the balance *Cipher Hill* Joseph R. Lallo,2018-07-11 [The Rise of the Red Shadow](#) Joseph R. Lallo,2013-07-30 Every story must begin somewhere For the warrior who would come to be known as the fearsome Red Shadow the story began in a forgotten glade deep in the land of Tressor It was there that a pair of trackers eager to retrieve a lost slave instead found an orphaned malthrope Had it been a human it might have been treated with compassion but in the eyes of human society a malthrope was a monster a mix of fox and man believed to be a murderer and thief by its very nature The beast was to be sold for a handful of silver but fate intervened in the form of an old blind slave named Ben Under the learned hand of the one human who believed in his potential the young malthrope would instead be given the wisdom to take his first steps on the long journey to his destiny The Rise of the Red Shadow chronicles the early life of one of the most mysterious figures of the The Book of Deacon trilogy the creature called Lain It tells of his years working and learning on a Tresson plantation until a dark day of vengeance and bloodshed finally set him free From there you will follow as he finds his place in the world learning what it is to be a malthrope and turning to the purpose that will guide him for the rest of his days It is a story of love hate and lessons hard learned revealing the painful choices one must make to become the hero the world needs **Rogue Derelict** Joseph R. Lallo,2018-10-17 Rogue Derelict is pulse pounding side story set in the universe of Lindsay Buroker s Fallen Empire Series In the chaos following the fall of the empire Benita Castor wants nothing more than to live a nice quiet life She thought she made all the right decisions What could be safer than becoming an accountant Where could she be more secure than the industrial fringe of the empire s most civilized planet Yet somehow she finds herself in the employ of a crime boss and is shipped off to audit a recent acquisition in a forgotten corner of the system Her new assignment is an old Kirian space station being developed by Nori Veshcha an enterprising woman with big plans for the relic Nori is overflowing with ambition innovative ideas and confidence though her crew leaves something to be desired Her chief technician Blick Mathson is a man more familiar with collecting debts than

repairing ships The only other crew member her personal valet Lefty Hammermill is a dim witted but well meaning grunt with secondhand cybernetics Not much of a workforce to tackle the task of converting a centuries old hunk of junk into a cutting edge resort but Nori is nothing if not determined At first the assignment has the makings of an unpleasant but uneventful enterprise even if Nori is somewhat overly cool Blick is a bit overly warm and Lefty is just overly Lefty When a second relic of a bygone era makes an unscheduled arrival and its crew assumes Benita is their Kirian commander she and the others realize the echoes of the past could have grave consequences for their future Can a mismatched skeleton crew on a malfunctioning space station rise to the challenge or will a remnant of history remind the system that some threats aren't gone they're simply forgotten

Halfax Joseph R. Lallo, 2019-12-02 If you can't have good luck you should at least have a good dragon The princess has inherited the family curse Plagued by terrible luck it is all the palace staff can do to keep her safe from herself When her father pricks himself with an assassin's needle meant for her her mother Queen Jade knows there is only one thing they can do They must seek a cure To reach it they will need the help of their greatest protector But even the great dragon Halfax may not be ready for the challenges ahead Halfax is a direct sequel to Jade It takes place many years after the events of the Book of Deacon series

The Book of Deacon Joseph R. Lallo, 2010-01-28 The Book of Deacon is the first book of The Book of Deacon series by Joseph R Lallo Myranda Celeste's world has been built on a legacy of bloodshed For more than a century her homeland the Northern Alliance has fought the Kingdom of Tressor in what has come to be known as the Perpetual War While her people look upon the conflict with reverence Myranda's hate for the war has made her an outcast When she finds a precious sword among the equipment of a fallen warrior she believes her luck may have changed Little does she imagine that the treasure will draw her into an adventure of wizards and warriors soldiers and rebels and beasts both noble and monstrous The journey will teach her much about her potential about the origins of the war and about the threat her world truly faces Will Myranda unlock the secret of bringing peace once and for all or will the world be lost to the Perpetual War
