Clinical Guidelines And Care Protocols:

Clinical Guidelines and Care Protocols Jaqui Hewitt-Taylor, 2006-05-01 The book begins by placing clinical guidelines within the context of the broader movement towards evidence based practice it explores the concept of evidence and defines clinical guidelines and care protocols These are then examined in the clinical situation The book goes on to discuss the relationship between them and the exercise of individual autonomy and expertise and with individualised care and patient involvement and choice The influence of cost on decision making is reviewed and a chapter discusses the political aspects of care guidelines and protocols Finally the book describes the implementation of guidelines and protocols and the barriers to implementation and makes suggestions for the future

Health Telematics for Clinical Guidelines and Protocols Colin Gordon, J. P. Christensen, 1995 Guidelines for clinical practice sometimes also termed practice policies receive increasing attention from clinicians and health services as means for applying best current knowledge to maximise the quality and efficiency of delivered care Earlier studies confirm the growing and widespread importance of this trend within medicine and the widely recognised potential for healthcare telematics as a means to enable the use of clinical guidelines to deliver fullest benefits to patients This book explores the scope and needs for further work in this area Listed by Biological Abstracts RRM BIOSIS volume 47 issue 4 April 1994 the papers presented are wide ranging such that anyone with an interest in any aspect of guideline development or application is likely to find something worthwhile It is therefore a book to dip into according to the reader's interest Even clinicians with little knowledge of telematics will find several chapters on the principles of clinical guidelines and protocols of interest while those from the field of telematics will find plenty of material regarding the complexities of representation of clinical knowledge L Boydell S E Belfast Health and Social Services Trust Belfast UK Journal of Telemedicine and Telecare volume 2 no 1 1996 p 61 62
