A New Age of Comics Pasquale De Marco, 2025-08-09 A New Age of Comics is a celebration of the power of political comics It features the work of some of the most talented and thought provoking political cartoonists working today men and women such as Tom Tomorrow Alison Bechdel Matt Wuerker and many others These cartoonists are not afraid to tackle the tough issues from climate change to racism to war They do so with wit passion and a deep commitment to social justice This book is a reminder that comics are not just for kids They are a powerful form of expression that can be used to challenge the status quo to make us laugh and to inspire us to action In a time when the political landscape is more divided than ever political comics are more important than ever They can help us to see the absurdity of our current situation to challenge our own biases and to find common ground with those who disagree with us This book is a call to action It is a reminder that we all have a voice and that we can use our voices to make a difference Whether you are a cartoonist a writer or simply a concerned citizen I encourage you to use your voice to speak out against injustice and to fight for a better world Comics have the power to change the world They can make us laugh they can make us think and they can inspire us to action Let us use the power of comics to create a more just and equitable world If you like this book write a review
