Introduction to Mongolia

Gilad James, PhD, Mongolia is a landlocked country located in East Asia bordered by Russia to the north and China to the south east and west It has a population of around three million people with the majority residing in the capital city of Ulaanbaatar Mongolia is renowned for its vast steppes rural landscape and nomadic culture The country is also rich in natural resources including copper gold coal and oil Mongolia is a culturally diverse country with a rich history that dates back thousands of years Its early nomadic tribes were ruled by various empires including the Xiongnu Turkic Khaganate and Mongol Empire The latter led by Genghis Khan was one of the largest empires in history stretching from Eastern Europe to Asia Mongolia has since undergone significant political and economic changes with a transition to democracy in the 1990s following decades of Soviet style socialist governance Today Mongolia remains a unique destination for travelers seeking to experience its rugged landscapes and traditional way of life

Cultural Security in Contemporary China and Mongolia Jarmila

Ptácková, Ondrej Klimes, 2025-10-01 Cultural Security in Contemporary China and Mongolia applies the term cultural security not exclusively to state or institution implemented processes but also considers the indigenous bottom up and inside out mechanisms of establishing and maintaining communal cultural security of an ethnic group Markers of cultural identity differ

according to an inside and outside perspective and can be re defined according to inner or outer circumstances Importance of these markers increases when a community feels endangered in their cultural existence or diminishes when perceived cultural identity is not questioned The dynamics shaping cultural security are illustrated in examples of ethnic communities in the People s Republic of China and in Mongolia *The cultural & heritage guide for Mongolia* ,2025-09-24

Movement, Power and Place in Central Asia and Beyond Madeleine Reeves,2013-09-13 Central Asia is a region singularly marked by attempts to transform social life by transforming place Drawing together established scholars and a new generation of historians geographers and anthropologists this volume brings empirical specificity and theoretical depth to debates about the politics of place making in this diverse region making an important contribution to Central Asian studies and a distinctive regional comparison to the spatial turn in social analysis Case studies draw on archival research and oral history to explore the workings and unintended consequences of policies aimed at sedentarizing collectivizing and resettling populations as a means to fix and territorialize space The book also examines ethnographic studies attuned to the role of movement in sustaining social life from Soviet era trade networks that linked rural Central Asia and the Russian metropolis to pilgrimage routes through which kazakhness is articulated to the contemporary moralization of migration abroad in search of work Rather than analysing flows as abstract processes the book enquires about effortful activity material infrastructures political relations and social habits through which people ideas knowledge skills and material objects move or are prevented from moving As such it offers new insights into the complex intersections of movement power and place in this important region over the last two centuries This book was originally published as a special issue of Central Asian Survey **Tibetan**

Medicine in the Contemporary World Laurent Pordié,2012-08-21 The popularity of Tibetan medicine plays a central role in the international market for alternative medicine and has been increasing and extending far beyond its original cultural area becoming a global phenomenon This book analyses Tibetan medicine in the 21st century by considering the contemporary reasons that have led to its diversity and by bringing out the common orientations of this medical system Using case studies that examine of the social political and identity dynamics of Tibetan medicine in Nepal India the PRC Mongolia the UK and the US the contributors to this book answer the following three fundamental questions What are the modalities and issues involved in the social and therapeutic transformations of Tibetan medicine How are national policies and health reforms connected to the processes of contemporary redefinition of this medicine How does Tibetan medicine fit into the present globalized context of the medical world Written by experts in the field from the US France Canada China and the UK this book will be invaluable to students and scholars interested in contemporary medicine Tibetan studies health studies and the anthropology of Asia Winner of the ICAS Colleagues Choice Award 2009 **Folklore: An Encyclopedia of Beliefs, Customs, Tales, Music, and Art**, Charlie T. McCormick Ph.D.,Kim Kennedy White,2010-12-13 Written by an international team of acclaimed folklorists this reference text provides a cross cultural survey of the major types and methods of inquiry in

folklore Did you know that the tale of Cinderella is over 1 000 years old and similar versions of this singular story exist in hundreds of cultures around the globe Have you heard of deathlore a subgenre of folklore involving tombstones coffins cemeteries and roadside memorial shrines Did you realize that UFO sightings and cyber cultures constitute modern folklore The broad field of folklore studies developed over the past two centuries provides significant insights into many aspects of human culture While the term folklore conjures images of ancient practices and beliefs or folk heroes and traditional stories it also applies to today s ever changing cultural landscape Even certain aspects of modern Internet based popular culture and contemporary rites of passage represent folklore This encyclopedia covers all the major genres of both ancient and contemporary folklore This second edition adds more than 100 entries that examine the folklore practices of major ethnic groups folk heroes creatures of myth and legend and emerging areas of interest in folklore studies

Cultural Sociology of the Middle East, Asia, and Africa Andrea L. Stanton, Edward Ramsamy, Peter J. Seybolt, Carolyn M. Elliott, 2012-01-05 In our age of globalization and multiculturalism it has never been more important for Americans to understand and appreciate foreign cultures and how people live love and learn in areas of the world unfamiliar to most U S students and the general public The four volumes in our cultural sociology reference encyclopedia take a step forward in this endeavor by presenting concise information on those regions likely to be most foreign to U S students the Middle East Asia and Africa The intent is to convey what daily life is like for people in these selected regions It is hoped entries within these volumes will aid readers in efforts to understand the importance of cultural sociology to appreciate the effects of cultural forces around the world and to learn the history of countries and cultures within these important regions

[Handbook on Intangible Cultural Practices as Global Strategies for the Future](#) Christoph Wulf, 2024-12-14 This open access handbook is the first to take stock of and to provide a comprehensive international interdisciplinary review of developments in living culture since the Convention on Safeguarding Intangible Cultural Heritage began in 2003 It is based on an expanded concept of culture as it has been used in UNESCO since the 1980s and signed by more than 180 countries The convention makes clear the significant role of the Global South in raising planetary awareness of the importance of intangible cultural practices The first part of the book examines the relationship between the 1972 World Heritage Convention and the 2003 Convention on Intangible Cultural Heritage The second part of the book focuses on colonialism minorities inequality and the struggle for human rights Perspectives from Nigeria Brazil and the US show how colonialism still has a lasting effect today and what role the practices of intangible cultural heritage play in the struggles for the recognition of minorities The third part looks at the contribution of intangible cultural heritage practices to the creation of meaning community and identity How are these practices designed so that they allow as much participation as possible and lead to a successful handling of conflicts The focus is on bottom up processes Part four examines several areas of aesthetics including music dance song museum architecture and theater showing the importance of the aesthetic dimension and its contribution to the formation of individuals and communities The

fifth and final part of the book examines central problems of living culture and intangible cultural practices This includes articles on new forms of community building significance of digital and post digital culture and metaphors In the coming decades intangible cultural heritage practices will become increasingly important for sustainable and peaceful planetary communication to which the balance of this book and the perspectives based on it will make a significant contribution
