The Abortion Debate in the United States and Canada Maureen Muldoon,2021-03-19 First published in 1991 Over the last twenty five years or so the debate on abortion has not moved any closer to resolution in either the United States or Canada The courts the legislatures the pulpits the classrooms the hospitals and clinics and the media have provided the forums for this on going struggle Two groups of activists have dominated the debate The opponents of abortion who are referred to as anti abortion or pro life advocate restrictive policies on abortion while the pro choice groups direct their attempts to creating a permissive policy that allows a woman to make her own decision The anti abortion advocates and the pro choice advocates alike have learned the skills and developed the strategies to advance their own positions Whatever legal and public policy gains are made by one side are often countered by moves from their opponents There is available a vast amount of material related to the topic of abortion From the extensive and diverse literature this book draws a collection of relevant materials primarily representing aspects of the sociological philosophical religious and legal aspects of the abortion issue Its purpose is to serve as a source bode for those interested in seeing how the abortion debate has been conducted within the recent past The book also serves as a reference work for further study **A History of Canadian Catholics**

Terence J. Fay,2002 A history of the first 400 years of Catholic life in Canada **The Politics of Abortion in the United States and Canada: A Comparative Study** Raymond Tatalovich,2015-05-20 A cross cultural analysis of the abortion issue in the United States and Canada The book focuses on the judicial legislative and executive branches public opinion and interest groups federal agencies and the roles of subnational authorities and the health care sectors Abortion from the Religious and Moral Perspective: George F. Johnston,2003-03-30

For approximately three decades the abortion debate has polarized America Views range from the extreme conservative position that all abortions are morally objectionable to the extreme liberal position that abortion throughout all nine months of pregnancy is acceptable In the middle are those who advocate laws limiting the number of valid reasons for abortion This comprehensive volume includes bibliographic citations that address the moral and religious aspects of abortion It covers such topics as the various arguments both for and against abortion the status of the fetus and overviews of several religions stances on abortion Citations also include references on how Christianity has influenced abortion politics and law discussions of Operation Rescue and official statements on abortion by the Catholic Church and several Protestant denominations Researchers as well as anyone interested in the moral and

religious elements of abortion will find this resource invaluable. It covers the literature on abortion and religion found in books, essays, journal articles, academic dissertations, and Web sites. And unlike many of the available bibliographies, this one focuses only on the religious and moral issues, therefore providing greater depth on those two issues within one work.

The Uncomfortable Pew Bruce Douville, 2021-05-20. In The Uncomfortable Pew, Bruce Douville explores the relationship between Christianity and the New Left in English Canada from 1959 to 1975. Focusing primarily on Toronto, he examines the impact that left-wing student radicalism had on Canada's largest Christian denominations and the role that Christianity played in shaping Canada's New Left. Based on extensive archival research and oral interviews, this study reconstructs the social and intellectual worlds of young radicals who saw themselves as part of both the church and the revolution. Douville looks at major communities of faith and action, including the Student Christian Movement, Kairos, and the Latin American Working Group, and explains what made these and other groups effective incubators for left-wing student activism. He also sheds light on Canada's Roman Catholic, Anglican, and United churches and the ways that progressive older Christians engaged with radical youth and the issues that concerned them, including the Vietnam War, anti-imperialism, women's liberation, and gay liberation. Challenging the idea that the New Left was atheistic and secular, The Uncomfortable Pew reveals that many young activists began their careers in student Christian organizations, and these religious and social movements deeply influenced each other. While the era was one of crisis and decline for leading Canadian churches, Douville shows how Christianity retained an important measure of influence during a period of radical social change.

God Gave Us the Right Christel Manning, 1999. A comparative study of women who have converted or returned to conservative Protestant, Catholic, and Jewish communities, looking at the way they reconcile modern secular ideas, feminism, in particular, with the demands and rewards of traditional religious participation.
