of firms and implementing and managing distribution channels The fifth and final section is devoted to firm strategies and tactics examined variously from the perspective of multinational firms entering these new markets from the viewpoint of existing local firms facing new competitive challenges from global entrants and from the perspective of local firms seeking to establish themselves in foreign markets where they have not previously competed Most of the individual chapters are revised versions of papers originally presented at a conference sponsored by the William Davidson Institute which focuses on research related to emerging and transitional economies and have not previously appeared in published form Thus the book is a unique collection of cutting edge scholarship on the various aspects of marketing in transitional economies It will prove valuable reading to academics policymakers and international business strategists [Consumer Reports](#) Consumer Reports,2007-01-23 Now you can get the wisdom of one full year of Consumer Reports in one place We ve assembled all twelve 2006 issues of Consumer Reports magazine and put them in a single bound collection Consumer Reports magazine is the source you can trust for ratings and recommendations of consumer products and services Whether you re buying a car a TV or a new cell phone plan our unbiased reports will help you get the best value for your money
