concentrating on coloring Unlike many of our other coloring books which consist of designs of one particular difficulty level this new series combines difficulty levels in each individual volume So each volume contains something for everyone whether you want something easy to color or something challenging or something in between So depending on your mood and circumstances you might choose an easy design when your time is limited and you want a sense of completion When finishing in one session is not a concern or when you have several spare hours on hand you may choose one of the more challenging designs Generally the difficulty level of the patterns throughout the book are arranged as easy medium challenging easy medium challenging etc You may think that easy designs may be out of place amongst much more detailed designs But simple designs can actually provide the base for the most eye catching and impactful end results Remember you can increase the level of difficulty and involvement of easy designs by introducing shading and other advanced tonal effects Please see the back cover and front cover for examples of how we have taken some of the simple designs and made them more elaborate and detailed through the use of color Note how the appearance of depth can be created through the effective application of colors Enjoy and may peace be with you
