Computer Algebra Recipes Richard H. Enns, George McGuire, 2006 **Computer Algebra Recipes** Richard Enns, George C. McGuire, 2001-06-08 Computer algebra systems allow students to work on mathematical models more efficiently than in the case of pencil and paper The use of such systems also leads to fewer errors and enables students to work on complex and computationally intensive models Aimed at undergraduates in their second or third year this book is filled with examples from a wide variety of disciplines including biology economics medicine engineering game theory physics and chemistry The text includes a large number of Maple R recipes **Computer Algebra Recipes for Classical Mechanics** Richard H. Enns, George C. McGuire, 2002-11-22 This is a standalone but the recipes are correlated with topics found in standard texts and make use of MAPLE Release 7 As a reference text or self study guide this book is useful for science professionals and engineers Good for the classroom correlates with topics found in standard classical mechanics texts This book makes use of the powerful computer algebra system MAPLE Release 7 but no prior knowledge of MAPLE is presumed The relevant command structures are explained on a need to know basis as the recipes are developed thus making this a standalone text *Computer Algebra Recipes for Mathematical Physics* Richard H. Enns, 2011-03-21 **Computer Algebra Recipes** Richard Enns, George C. McGuire, 2014-01-15 **Computer Algebra Recipes** Richard H. Enns, George C. McGuire, 2007-03-13 This book presents a large number of computer algebra worksheets or recipes that have been designed using MAPLE to provide tools for problem solving and to stimulate critical thinking No prior knowledge of MAPLE is necessary All relevant commands are introduced on a need to know basis and are indexed for easy reference Each recipe features a scientific model or method and an interesting or amusing story designed to both entertain and enhance concept comprehension and retention **Computer Algebra Recipes for Classical Mechanics** Richard H. Enns, George McGuire, 2003 *Computer Algebra Recipes for Mathematical Physics* Richard H. Enns, 2006-03-20 Over two hundred novel and innovative computer algebra worksheets or recipes will enable readers in engineering physics and mathematics to easily and rapidly solve and explore most problems they encounter in their mathematical physics studies While the aim of this text is to illustrate applications a brief synopsis of the fundamentals for each topic is presented the topics being organized to correlate with those found in traditional mathematical physics texts The recipes are presented in the form of stories and anecdotes a pedagogical approach that makes a mathematically challenging subject easier and more fun to learn This is a self contained and standalone text using MAPLE that may be used in the classroom for self study as a reference or as a text for an online course **Computer Algebra Recipes** Richard Enns, George C. McGuire, 2013-03-07 Computer algebra systems have the potential to revolutionize the teaching of and learning of science Not only can students work thorough mathematical models much more efficiently and with fewer errors than with pencil and paper they can also work with much more complex and computationally intensive models Thus for example in studying the flight of a golf ball students can begin

with the simple parabolic trajectory but then add the effects of lift and drag of winds and of spin Not only can the program provide analytic solutions in some cases it can also produce numerical solutions and graphic displays Aimed at undergraduates in their second or third year this book is filled with examples from a wide variety of disciplines including biology economics medicine engineering game theory physics chemistry The text is organized along a spiral revisiting general topics such as graphics symbolic computation and numerical simulation in greater detail and more depth at each turn of the spiral The heart of the text is a large number of computer algebra recipes These have been designed not only to provide tools for problem solving but also to stimulate the reader's imagination Associated with each recipe is a scientific model or method and a story that leads the reader through steps of the recipe Each section of recipes is followed by a set of problems that readers can use to check their understanding or to develop the topic further

Computer Algebra Recipes for Classical Mechanics Richard H. Enns, George C. McGuire, 2012-12-06 Hundreds of novel and innovative computer algebra recipes will enable readers starting at the second year undergraduate level to easily and rapidly solve and explore most problems they encounter in their classical mechanics studies Using the powerful computer algebra system MAPLE Release 8 no prior knowledge of MAPLE is presumed the relevant command structures are explained on a need to know basis as the recipes are developed This new problem solving guide can serve in the classroom or for self study for reference or as a text for an on line course
