Dialogues on the Supersensual Life Jakob Böhme, 2021-04-25 Jakob Böhme's *Dialogues on the Supersensual Life* delves into the intricate realms of mysticism and metaphysics presenting a series of philosophical discourses that explore the nature of existence beyond the material world Böhme employs a rich contemplative prose that reflects the early 17th century's burgeoning interest in mystical thought and spiritual awakenings The work oscillates between abstract ideas and vivid metaphors inviting readers to engage in introspection about their own spiritual journeys while articulating the interplay between the divine and the human experience ultimately positioning the soul as an integral witness to both worlds Jakob Böhme a German shoemaker and mystic felt a profound connection to the divine that shaped his writings Living during a tumultuous period marked by religious conflict and philosophical exploration Böhme experienced a series of spiritual revelations that compelled him to document his insights His unique background merges everyday life with profound metaphysical inquiries demonstrating that the ordinary person is capable of divine understanding and mystical knowledge *Dialogues on the Supersensual Life* is highly recommended for readers seeking profound insights into spirituality and the nature of reality Its accessible yet deeply philosophical approach makes it valuable for scholars and laypersons alike Böhme's dialogue invites readers to embark on a transformative journey towards understanding the supersensual enriching both mind and soul *Dialogues on the supersensual life, ed. by B. am in Nature as I said before and which way shall I pass through Nature and the light thereof so that I may come into the

Dialogues on the Supersensual Life Jakob Böhme, 2018-10 Taken from the Preface Man has a spark of the Light and Spirit of God as a supernatural gift of God given into the birth of his Soul to bring forth by degrees a new birth of that life which was lost in Paradise This holy spark of the Divine Nature within him has a natural strong and almost infinite tendency or reaching after that eternal Light and Spirit of God from whence it came forth It came forth from God it came out of God it partaketh of the Divine Nature and therefore it is always in a state of tendency and return to God All this is called the breathing the moving the quickening of the Holy Spirit within us which are so many operations of this spark of life tending towards God On the other hand the Deity as considered in itself and without the Soul of man has an infinite unchangeable tendency of love and desire towards the Soul of man to unite and communicate its own riches and glories to it just as the Spirit of the air without Man unites and communicates its riches and virtues to the Spirit of the air that is within Man
