Every Day Is an Atheist Holiday! Penn Jillette, 2013-10-29 From Emmy Award winning world famous magician Penn Jillette comes an irreverent hilarious and provocative book of essays the perfect gift for the skeptic in your life Let's be honest nobody has more fun than atheists Don't believe it Well consider this For non believers every day you're alive is a day to celebrate And no one celebrates life to the fullest like Penn Jillette the larger louder half of legendary magic duo Penn Teller whose spectacularly witty and sharply observant essays in *Every Day Is an Atheist Holiday* will entertain zealots and skeptics alike Whether he's contemplating the possibility of life after death deconstructing popular Christmas carols or just calling bullsh*t

on Donald Trump Jillette does not fail to shock and delight his readers And as ever underneath these rollicking rants lie a deeply personal philosophy and a generous spirit which find joy and meaning in family and peace in the simple beauty of the everyday Every Day Is an Atheist Holiday is a hysterical affirmation of life s magic from one of the most distinctly perceptive and provocative humorists writing today Girl Culture Claudia Mitchell,Jacqueline Reid-Walsh,2007-12-30 Never before has so much popular culture been produced about what it means to be a girl in today s society From the first appearance of Nancy Drew in 1930 to Seventeen magazine in 1944 to the emergence of Bratz dolls in 2001 girl culture has been increasingly linked to popular culture and an escalating of commodities directed towards girls of all ages Editors Claudia A Mitchell and Jacqueline Reid Walsh investigate the increasingly complex relationships struggles obsessions and idols of American tween and teen girls who are growing up faster today than ever before From pre school to high school and beyond Girl Culture tackles numerous hot button issues including the recent barrage of advertising geared toward very young girls emphasizing sexuality and extreme thinness Nothing is off limits body image peer pressure cliques gangs and plastic surgery are among the over 250 in depth entries highlighted Comprehensive in its coverage of the twenty and twenty first century trendsetters fashion literature film in group rituals and hot button issues that shape and are shaped by girl culture this two volume resource offers a wealth of information to help students educators and interested readers better understand the ongoing interplay between girls and mainstream culture **The Orient's Diary** Simone Bica ,2020-12-18 Simone Bica Jornalista Escritora psicanalista E gastrônoma em forma o Mulher negra n o mu ulmana vivendo em um Continente permeado de conflito Como voc imagina esta cr nica Leia a obra e converse com autora em sua rede social almabeduina Livro Bil ngue Ingl s Portugu s Girl Power! ,1997 Helps adults teach girls that self esteem will help them make the most of their lives provides adults with materials that encourage girls to realize their full potential through avoidance of drugs tobacco and alcohol *Transforming Girls* Julie Pfeiffer,2021-09-30 Transforming Girls The Work of Nineteenth Century Adolescence explores the paradox of the nineteenth century girls book On the one hand early novels for adolescent girls rely on gender binaries and suggest that girls must accommodate and support a patriarchal framework to be happy On the other they provide access to imagined worlds in which teens are at the center The early girls book frames female adolescence as an opportunity for productive investment in the self This is a space where mentors who trust themselves the education they provide and the girl s essentially good nature neutralize the girl s own anxieties about maturity These mid nineteenth century novels focus on female adolescence as a social category in unexpected ways They draw not on a twentieth century model of the alienated adolescent but on a model of collaborative growth The purpose of these novels is to approach adolescence a category that continues to engage and perplex us from another perspective one in which fluid identity and the deliberate construction of a self are celebrated They provide alternatives to cultural beliefs about what it was like to be a white middle class girl in the nineteenth century and challenge the assumption that the evolution of the girls book is always a movement

towards less sexist less restrictive images of girls Drawing on forgotten bestsellers in the United States and Germany where this genre is referred to as Backfischliteratur Transforming Girls offers insightful readings that call scholars to reexamine the history of the girls book It also outlines an alternate model for imagining adolescence and supporting adolescent girls The awkward adolescent girl so popular in mid nineteenth century fiction for girls remains a valuable resource for understanding contemporary girls and stories about them

Numbered Days Alexandra Garbarini, 2006-01-01 Terrorist attacks regularly trigger the enactment of repressive laws setting in motion a vicious cycle that threatens to devastate civil liberties over the twenty first century In this clear sighted book Bruce Ackerman peers into the future and presents an intuitive practical alternative He proposes an emergency constitution that enables government to take extraordinary actions to prevent a second strike in the short run while prohibiting permanent measures that destroy our freedom over the longer run Ackerman's emergency constitution exposes the dangers lurking behind the popular notion that we are fighting a war on terror He criticizes court opinions that have adopted the war framework showing how they uncritically accept extreme presidential claims to sweeping powers Instead of expanding the authority of the commander in chief the courts should encourage new forms of checks and balances that allow for decisive but carefully controlled presidential action during emergencies In making his case Ackerman explores emergency provisions in constitutions ranging from France to South Africa retaining aspects that work and adapting others He shows that no country today is well equipped to both fend off terrorists and preserve fundamental liberties drawing particular attention to recent British reactions to terrorist attacks Written for thoughtful citizens throughout the world this book is democracy's constitutional reply to political excess in the sinister era of terrorism
