Combating Hate Billie Murray, 2022-05-03 The United States has a hate problem In recent years hate speech has led not only to deep division in our politics but also to violence murder and even insurrection And yet established constitutional jurisprudence holds that all speech is protected as content neutral and that the proper democratic response to hateful expression is not regulation but more speech So how can ordinary citizens stand up to hate groups when the state will not In *Combating Hate* Billie Murray proposes an answer to this question As a participant in anti racist and anti fascist protests including demonstrations against the Ku Klux Klan neo Nazis and the Westboro Baptist Church Murray witnessed firsthand the limitations of the more speech approach as well as the combative tactics of anti fascist activists She argues that this latter group commonly known as antifa embodies a radically different strategy for combating hate one that explodes the myth of content neutrality and reveals hate speech to be a tactic of fascist organizing with very real highly anti democratic consequences Drawing on communication theory and this on the ground experience Murray presents a new strategy which she calls allied tactics rooted in the commitment to affirm support and even protect those who are the victims of hate speech Engaging and sophisticated *Combating Hate* contends that there are concrete ways to fight hate speech from the front lines Murray's urgent argument that we reconsider how to confront and fight this blight on American life is essential reading for the current era
