Communism And The Conscience Of The West:

Communism and the Conscience of the West Fulton Sheen, 2022-10-04 For decades this book has been recognized as the finest book ever written by a Catholic on the subject of communism Dedicated to Our Lady in prayerful hope for the conversion of Russia this is one of Fulton Sheen's most forgotten yet most important books In **Communism and the Conscience of the West** Sheen explains the problems with society stemming from socialism and communism which continue to infect universities and political discourse today This timeless book exposes communism's defects its attitude toward the family the decline of historical liberalism and the rise of the antireligious spirit that pervades our world Readers will be impressed as Sheen diagnoses the issues facing our once peaceful cities with history being put on trial scrubbed rewritten and explained in terms of class hate While communism destroys human freedom Sheen illustrates how man is free as a result of two guarantees one economic and the other spiritual The economic enables man to call something his own which is outside of himself The spiritual is the soul which makes man independent of an earthly tyrant or a political dictator In short man's soul is his own on the inside as his property is his own on the outside Sheen carefully illustrates how even though we are living at a time when man has all the material conditions necessary for his happiness having lost the purpose of life which religion supplied modern man became increasingly frustrated as his disappointed hedonism turned to pessimism Thus man who isolated himself from the religious community now by reaction finds himself absorbed by the political community as despair becomes the dominant note of contemporary philosophy and literature For anyone seeking to understand one of the greatest threats to the Faith and our world **Communism and the Conscience of the West** will be your guide

A Pope and a President Paul Kengor, 2023-07-18 Even as historians credit Ronald Reagan and Pope John Paul II with hastening the end of the Cold War they have failed to recognize the depth or significance of the bond that developed between the two leaders Acclaimed scholar and bestselling author Paul Kengor changes that In this fascinating book he reveals a singular bond which included a spiritual connection between the Catholic pope and the Protestant president that drove the two men to confront what they knew to be the great evil of the twentieth century Soviet communism Reagan and John Paul II almost didn't have the opportunity to forge this relationship just six weeks apart in the spring of 1981 they took bullets from would be assassins But their strikingly similar near death experiences brought them close together to Moscow's dismay Based on Kengor's tireless archival digging and his unique access to Reagan insiders **A Pope and a President** is full of revelations It takes you inside private meetings between Reagan

and John Paul II and into the Oval Office the Vatican the CIA the Kremlin and many points beyond Nancy Reagan called John Paul II her husband's closest friend Reagan himself told Polish visitors that the pope was his best friend When you read this book you will understand why As kindred spirits Ronald Reagan and John Paul II united in pursuit of a supreme objective and in doing so they changed history *Archbishop Fulton J. Sheen* Cheryl D. Hughes, 2024-11-30 Venerable Fulton J Sheen was one of the greatest spiritual leaders and entertainers in America's tumultuous twentieth century His television shows for which he eventually won an Emmy Award reached millions of viewers and in the 1950s and 60s Fulton Sheen was a household name But his greatest gift was in finding lost sheep Through his thought wit and compassion many thousands of people likely entered the Church from all walks of life This in depth work by historian Cheryl C D Hughes lets readers inhabit the postwar America where Bishop Fulton Sheen thrived in order to reveal what made him such a magnetic figure in his own era It peers into the complex lives of the celebrities and fallen stars who saw in the warm brilliant bishop a sign of God's grace and it offers a study in the inner dynamics of conversion Religion in the Public Square James M. Patterson, 2019-06-28 Ven Fulton J Sheen Dr Martin Luther King Jr and Rev Jerry Falwell religious leaders who popularized theology through media campaigns designed to persuade the public In Religion in the Public Square James M Patterson considers religious leaders who popularized theology through media campaigns designed to persuade the public Ven Fulton J Sheen Dr Martin Luther King Jr and Rev Jerry Falwell differed profoundly on issues of theology and politics but they shared an approach to public ministry that aimed directly at changing how Americans understood the nature and purpose of their country From the 1930s through the 1950s Sheen was an early adopter of paperbacks radio and television to condemn totalitarian ideologies and to defend American Catholicism against Protestant accusations of divided loyalty During the 1950s and 1960s King staged demonstrations and boycotts that drew the mass media to him The attention provided him the platform to preach Christian love as a political foundation in direct opposition to white supremacy Falwell started his own church which he developed into a mass media empire He then leveraged it during the late 1970s through the 1980s to influence the Republican Party by exhorting his audience to not only ally with religious conservatives around issues of abortion and the traditional family but also to vote accordingly Sheen King and Falwell were so successful in popularizing their theological ideas that they won prestigious awards had access to presidents and witnessed the results of their labors However Patterson argues that Falwell's efforts broke with the longstanding refusal of religious public figures to participate directly in partisan affairs and thereby catalyzed the process of politicizing religion that undermined the Judeo Christian consensus that formed the foundation of American politics *Fulton J. Sheen* Kathleen L. Riley, 2004 For 60 years from his ordination in 1919 to his death in 1979 Sheen spent his life working out a Christian response to the challenge of the times As Thomistic philosopher and professor at the Catholic University of America prolific writer pioneer of the electronic gospel on radio and TV convert maker head of the Society for the Propagation of the Faith and Bishop of Rochester in the aftermath of

the Second Vatican Council he lived in the religious spotlight for most of his life His personal odyssey mirrored that of the Catholic Church in facing the challenges of the times two world wars national and international depression fascism nazism communism capitalism the sexual revolution and the upheaval following the Council BOOK JACKET
