teambuilding and retention As he shows time and again through advice anecdote and example solving these challenges is like adding rocket fuel to the entrepreneurial business Yet new business owners tend to take a lax view of personnel issues They hire the first person who walks through the door or interview using a canned sheet of questions snagged from the Internet Teambuilding consists of showing the new employee where to sit and who to go to for answers And retention What s that The Entrepreneur s Guide to Hiring and Building the Team begins by helping entrepreneurs understand why staffing is so important Then it guides them through the entire process of recruiting to attract top notch talent to the budding organization But that s only the start Tanner maintains It s critical to get these talented people to work together to drive the business and it s equally critical to keep each employee challenged motivated and satisfied the keys to retention
