Comparative Political Economy Georg Menz, 2017-11-24 This new and comprehensive volume covering the subfield of comparative political economy provides a detailed overview over its intellectual roots clarifies its contents and introduces the readers to key debates while identifying new and exciting avenues for future research Ideas interests and institutions have traditionally been the main focus points of this field but the volume argues that culture provides an additional and often neglected area providing the glue that keeps national models of capitalism hanging together The volume also develops

pathways beyond the varieties of capitalism paradigm Building on a thorough and rigorous review of comparative capitalisms and a synthesis of the research strands that have built the bedrock of this subfield Comparative Political Economy explores the individual components of national models of capitalism and argues that these elements deserve closer scrutiny Their permutations have been considerable over the past thirty years and their study permits valuable insights both empirically and theoretically The empirical coverage of the book includes chapters covering industrial relations labour markets systems of education and training finance welfare state and debt In the conclusion research pathways forward are identified and the impact of energy security issues and environmental factors on the study of comparative capitalisms will be assessed

The Rise of the Capital-state and Neo-Nationalism Oleksandr Svitych,2022-11-21 What explains the rise of populist nationalism in the contemporary phase of globalized development Drawing on Karl Polanyi s study of the great transformation The Rise of the Capital state and Neo nationalism argues that populist nationalism is a societal reaction to the pro market structural changes in the political economies of nation states conceptualized as the capital state transformation Oleksandr Svitych shows that there is an inextricable link between free market reforms declining state legitimacy and identity based mobilization Examining four case studies Australia France Hungary and South Korea through a mixed method approach the book finds that discontented voters gravitate toward populist neo national political forces and embrace identity based solutions often in exclusivist and scapegoating forms to harness their anxieties and insecurities triggered by the capital state restructuring Populist nationalism of both the left and the right has emerged to compensate for the real and perceived inability of the state to shield citizens from the corrosive effects of market fundamentalism The Rise of the Capital state and Neo nationalism contributes to our understanding of the dynamics of the interrelated nature of state capital and identity politicization through a broader social theoretical perspective The Rise of the Capital state and Neo Nationalism is now available in paperback for individual customers
