My Two Best friends

My best friend is called Cosnie. I've always considered him my best friend since I met him because he had a certain aura about him. In this essay, I will compare some of the main aspects of his character with those of my second-best friend Ramla to craft a clear argument as to why I consider him my best friend.

To start with, Cosnie has an open mind. He's unlike Ramla because she will only tolerate certain views. If Cosnie doesn't like something he will be completely honest about it, but he won't show it in a negative fashion. Ramla, on the other hand, will do so and won't be able to hide her boredom. I admire someone who can be as open minded as Cosnie. Cosnie is also not afraid of showing off his opinions in the right way. In the event he disagrees with something I've done; he will make it clear that he disagrees. Ramla also does this, and therefore I also value her presence in my life. I don't like the proverbial yes men. I want real opinions, and that's why we all get along so well.

One aspect where Cosnie contrasts with Ramla is in the way he'll happily try out new things. Ramla is set in her ways and prefers to stick with what she knows. I'm similar to Ramla, but I prefer Cosnie's way of looking at things because he's brought me out of my shell. Through my friendship with him, I've managed to experience things I would have never discovered without him. Both Cosnie and Ramla genuinely care about me and my affairs, though. They're always interested in what I'm doing and how I am. They aren't simply using me for their own ends. This is what I value in a best friend the most. On one occasion, I was having a hard time with the death of a loved one and I wanted to hide it. They were convinced something was wrong and they encouraged me to talk about it. Being able to talk about such matters with them helped me to get through the worst of it.

Another area where Cosnie stands out for me is the fact we have so much in common. Even if he wasn't so open-minded, we would always get along because of our shared interests. We like the same type of music and can appreciate the same type of literature. This influences
