Lund, 1979 **International Labour Documentation** International Labour Office. Central Library and Documentation Branch, 1975 **The 5 Paths to Persuasion** Robert B. Miller, Gary A. Williams, Alden M. Hayashi, 2007 To succeed in today's business world of tough and fast decision makers how a statement is made can be more important than what it says Even the best ideas face resistance and rejection as all too often people make the mistake

of focusing solely on the content of their proposal and giving little thought to the way they will deliver it In a two year survey customer research experts Miller and Williams studied 1 700 executives and discovered that good ideas are not enough to make any sort of impact they must be delivered effectively They reveal the five different types of decision maker including Charismatics Thinkers Sceptics Followers and Controllers and show how to best sell ideas to each Whether it be a proposal or a business plan The 5 Paths to Persuasion unlocks the secrets of persuasion necessary to present any kind of idea successfully
