The Sacraments of the Law and the Law of the Sacraments Judith Hahn, 2023-11-23 Sacramentality can serve as a category that helps to understand the performative power of religious and legal rituals Through the analysis of sacraments we can observe how law uses sacramentality to change reality through performative action and how religion uses law to organise religious rituals including sacraments The study of sacramental action thus shows how law and religion intertwine to produce legal spiritual and other social effects In

this volume Judith Hahn explores this interplay by interpreting the Catholic sacraments as examples of sacro legal symbols that draw on the sacramental functioning of the law to provide both spiritual and legal goods to church members By focusing on sacro legal symbols from the perspective of sacramental theology legal studies ritual theory symbol theory and speech act theory Hahn s study reveals how law and religion work hand in hand to shape our social reality Setting the World on Fire Laura R. Dejmek,2014-08-19 Laypersons receiving a divine call to preach in the Roman Catholic Church may feel caught between a rock and a hard place both figuratively and ecclesiastically They may feel constrained between the Rock of Peter and the hard place of resistance to the preaching gift they believe they have and their desire to share it At first glance the Roman Catholic Church with its two millennia of Sacred Tradition seemingly offers little that favors the inclusion of lay preachers In addition many lay preachers may experience the bias of clergy and assembly members who unconsciously presume there is no role for laity to preach within the Roman Catholic Church Preaching does not occur solely within liturgical settings or only via pulpit preachers All Dominicans as members of the Order of Preachers are called to embody the Sacra Praedicatio the Sacred Preaching In fact canon law does permit laity to preach in certain liturgical settings Setting the World on Fire details one Roman Catholic woman s experience of her own call to preach the grace and gifts brought to both the preacher and the assembly as well as her desire to help all Dominicans and indeed all Christians embrace their rightful role as preachers Church at Church Ronald Andrew Rienstra,2022-01-01 Jean Jacques von Allmen s work was animated by three key insights the Church both learns and becomes what it truly is when it gathers to worship worship tells the story of God s salvation history and invites God s people into it and by doing so the church offers the world both a stern warning and a hopeful promise The Swiss Reformed pastor and professor is among the most admired liturgical theologians of the twentieth century but his work is largely and lamentably unknown to most worship leaders In Church at Church Ron Rienstra provides an introduction to this important thinker He offers methodological and biographical context and then explores von Allmen s most generative insights concerning the church as it engages in its most foundational activity worship Viewed through the lens of the Nicene marks Rienstra s exploration yields the outlines of a liturgical ecclesiology a way to help the church think more deeply about its identity and to help its leaders shape the worship they prepare and lead today

Between Creativity and Norm-Making Sigrid M. Ller,Cornelia Schweiger,2012-11-09 This volume deals with contrasting developments in the period between 1400 1550 It is one that is characterized by a search for greater personal liberty and more opportunities for creative expression on the one hand and a quest to secure stability by establishing binding norms on the other **The Sacramentality of Preaching** Todd Townshend,2009 In the time of the church transformation renewal and the process of coming to faith rely on the symbolic efficacy of speech where God is encountered as a word The Sacramentality of Preaching examines the thought of Louis Marie Chauvet and incorporates it into contemporary homiletical theory in order to bolster and renew Christian proclamation that has an intentionally sacramental character Liturgical

Preaching from Inside the Story Jeffrey W. Frymire, 2022-06-02 Preaching from Inside the Story is a book that seeks to carve out an understanding of narrative preaching in an age where there is little agreement about its nature and practice Capitalizing on the works of Craddock and Lowry it seeks to find an expanded palette upon which the preacher may engage the larger canvas of narrative preaching This book will engage the mind by introducing neuroscientific understandings of creativity build upon the foundations of the philosophy of stories by engaging Aristotle's foundational understanding of narrative and renew the Lowry Loop by expanding this seminal work and how it should be understood in our current culture Preaching from Inside the Story breaks new ground by encouraging preachers to move inside stories and tell them from the inside out providing a positive effect thereby affording non narrative preachers to connect with storytelling principles Ultimately it is filled with examples of how to do narrative in a very practical way However in showing these practical examples the reader is involved in a deep analysis of those narrative sermons and how they fit into an overall narrative understanding of preaching In the final analysis it invites the reader to take a fresh journey into narrative preaching
