Henry Ford's Plan for the American Suburb Heather Barrow, 2018-10-29 Around Detroit, suburbanization was led by Henry Ford, who not only located a massive factory over the city's border in Dearborn but also was the first industrialist to make the automobile a mass consumer item. So suburbanization in the 1920s was spurred simultaneously by the migration of the automobile industry and the mobility of automobile users. A welfare capitalist, Ford was a leader on many fronts: he raised wages, increased leisure time, and transformed workers into consumers, and he was the most effective at making suburbs an intrinsic part of American life. The decade was dominated by this new political economy, also known as Fordism, linking mass production and consumption. The rise of Dearborn demonstrated that Fordism was connected to mass suburbanization as well. Ultimately, Dearborn proved to be a model that was repeated throughout the nation as people of all classes relocated to suburbs, shifting away from central cities. Mass suburbanization was a national phenomenon. Yet the example of Detroit is an important baseline since the trend was more discernable there than elsewhere. Suburbanization, however, was never a simple matter of outlying communities growing in parallel with cities. Instead, resources were diverted from central cities as they were transferred to the suburbs. The example of the Detroit metropolis asks whether the mass suburbanization which originated there represented the American dream, and if so, by whom, and at what cost. This book will appeal to those interested in cities and suburbs, American studies, technology and society, political economy, working class culture, welfare state systems, transportation, race relations, and business management.

Secret Upper Peninsula: A Guide to the Weird, Wonderful, and Obscure Kath Usitalo, 2019-10-01 How did a sparsely populated landmass surrounded by Great Lakes and completely separated from the rest of the state become the Upper Peninsula of Michigan? At the end of each winter, what do Yoopers, those hardy souls who call the UP home, measure with a 30-foot tall thermometer? And should you put ketchup or gravy on a pasty? You'll find the answers to these questions and many more in *Secret Upper Peninsula: A Guide to the Weird, Wonderful, and Obscure*. You may know that the UP inspired Longfellow's *The Song of Hiawatha*, but what about works by Ernest Hemingway and Da Yoopers? Find out where a popular Chicago cartoonist summered in a cottage shaped like a giant pickle barrel and where a ghost town comes alive once a year for a gathering of the descendants of copper mining families. Discover why believers say the mysterious Paulding Light is the lantern of a railroad man who perished on the tracks or where to find the world's longest porch and one of the least visited National Parks. Local author Kath Usitalo takes you deep into the densely forested peninsula that might seem like one big isolated secret to an outsider. Delve into this insider's guide.
