Feature 1 Feature 2 Feature 3	• Select features that can be compared between the two items (e.g. size, quality, etc.) • Explore similarities • Explore differences • Make value judgements about the differences between the items that is consistent with your thesis statement
Evaluation	• Sum up your key points and make an overall value judgement or argument about the two concepts, e.g. "Based upon the above information, it is clear that oranges are better than apples because..."
Conclusion	Close the loop by returning to a statement you made in the introduction. Show what your final position is. Explain who should be interested in your findings. End by noting in one final, engaging sentence why this topic is of such importance.
