Dhuuluu Yala Dhuuluu Yala:

Dhuuluu-Yala Anita Heiss, 2003 Dhuuluu Yala is a Wiradjuri phrase meaning to talk straight and this book is straight talk about publishing Indigenous literature in Australia It also includes broader issues that writers need to consider engaging with readers and reviewers The book covers the period up to the mid 1900s though some references are included up to 2000 Changes have been made since that date however the issues identified in Dhuuluu Yala remain current and to a large extent unresolved The history of defining Aboriginality in Australia and the experience of being Aboriginal have both impacted on the production of Aboriginal writing today These twin themes are the major focus of the book The pioneering roles of Aboriginal writers who have gone before and created a space has allowed for the growth of an Indigenous publishing industry Indeed a literary and publishing culture have developed also because of the increasing desire and need for an authentic Indigenous voice in Australian literature Although funding and other mechanisms are in place and possibilities afforded Indigenous writers have improved opportunities are still limited leading to some authors choosing to self publish

Dhuuluu-yala Anita Heiss, 2000 **Entangled Subjects** Michèle Grossman, 2013 Indigenous Australian cultures were long known to the world mainly from the writing of anthropologists ethnographers historians missionaries and others Indigenous Australians themselves have worked across a range of genres to challenge and reconfigure this textual legacy so that they are now strongly represented through their own life narratives of identity history politics and culture Even as Indigenous authored texts have opened up new horizons of engagement with Aboriginal knowledge and representation however the textual politics of some of these narratives particularly when cross culturally produced or edited can remain haunted by colonially grounded assumptions about orality and literacy Through an examination of key moments in the theorizing of orality and literacy and key texts in cross culturally produced Indigenous life writing *Entangled Subjects* explores how some of these works can sustain rather than trouble the frontier zone established by modernity in relation to talk and text Yet contemporary Indigenous vernaculars offer radical new approaches to how we might move beyond the orality literacy frontier and how modernity and the a modern are Productively entangled in the process New Word Order: Transnational Themes in Book History, 2011 **Australian Fiction as Archival Salvage** Frances A. Johnson, 2015-11-16 *Australian Fiction as Archival Salvage* examines key developments in the field of the Australian postcolonial historical novel from 1989 to the present In parallel with this analysis A Frances Johnson undertakes a unique study of in kind creativity reflecting on how her own nascent historical fiction has been critically and imaginatively shaped and inspired by seminal experiments in the genre by writers as diverse as Kate Grenville Mudrooroo Kim Scott Peter Carey Richard Flanagan and Rohan Wilson Mapping the postcolonial novel against the impact of postcolonial cultural theory and Australian writers intermittent embrace of literary postmodernism this survey is also read against the post millennial history and culture wars which saw politicizations of national debates around history and fierce contestation over the ways stories of Australian pasts

have been written **Aboriginal Writers and Popular Fiction** Fiannuala Morgan, 2021-02-11 Wiradjuri woman Anita Heiss is arguably one of the first Aboriginal Australian authors of popular fiction A focus on the political characterises her chick lit and her identity as an author is both supplemented and complemented by her roles as an academic activist and public intellectual Heiss has discussed genre as a means of targeting audiences that may be less engaged with Indigenous affairs and positions her novels as educative but not didactic Her readership is constituted by committed readers of romance and chick lit as well as politically engaged readers that are attracted to Heiss dual authorial persona and both groups bring radically distinct expectations to bear on these texts Through analysis of online reviews and surveys conducted with users of the book reviewing website Goodreads I complicate the understanding of genre as a cogent interpretative frame and deploy this discussion to explore the social significance of Heiss literature Resourceful Reading Katherine Bode, Professor Robert Dixon, 2010-01-11 This collection provides the first comprehensive account of eResearch and the new empiricism as they are transforming the field of Australian literary studies in the twenty first century *The Oxford Handbook of Indigenous American Literature* James Howard Cox, Daniel Heath Justice, 2014 Over the course of the last twenty years Native American and Indigenous American literary studies has experienced a dramatic shift from a critical focus on identity and authenticity to the intellectual cultural political historical and tribal nation contexts from which these Indigenous literatures emerge The Oxford Handbook of Indigenous American Literature reflects on these changes and provides a complete overview of the current state of the field The Handbook s forty three essays organized into four sections cover oral traditions poetry drama non fiction fiction and other forms of Indigenous American writing from the seventeenth through the twenty first century Part I attends to literary histories across a range of communities providing for example analyses of Inuit Chicana o Anishinaabe and M tis literary practices Part II draws on earlier disciplinary and historical contexts to focus on specific genres as authors discuss Indigenous non fiction emergent trans Indigenous autobiography Mexicanoh and Spanish poetry Native drama in the U S and Canada and even a new Indigenous children s literature canon The third section delves into contemporary modes of critical inquiry to expound on politics of place comparative Indigenism trans Indigenism Native rhetoric and the power of Indigenous writing to communities of readers A final section thoroughly explores the geographical breadth and expanded definition of Indigenous American through detailed accounts of literature from Indian Territory the Red Atlantic the far North Yucat n Amerika Samoa and Francophone Quebec Together the volume is the most comprehensive and expansive critical handbook of Indigenous American literatures published to date It is the first to fully take into account the last twenty years of recovery and scholarship and the first to most significantly address the diverse range of texts secondary archives writing traditions literary histories geographic and political contexts and critical discourses in the field
