Book for Our Time Murray Stein ,Thomas Arzt,2021-09-25 The spiritual malaise regnant in today s disenchanted world presents a picture of a polar night of icy darkness as Max Weber wrote already a century ago This collective dark night of the soul is driven by climate change related disasters rapid technological innovations and opaque geostrategic realignments In the wake of what policy analysts refer to as Westlessness the post modern age is characterized by incessant distractions urgent calls to responsibility and in humanly short deadlines which result in a general state of exhaustion and burnout The hovering sense of living in a time frame that is post histoire induces states of confusion on a personal level as well as in the realm of politics Totally missing is a grand narrative to guide humanity s vision in the midst of a world crisis Thinkers scholars and Jungian analysts are increasingly looking to C G Jung s monumental oeuvre The Red Book as a source for guidance to re-enchant the world and to find a new and deeper understanding of the homo religiosus The essays in this series on Jung s Red Book for Our Time Searching for Soul under Postmodern Conditions circle around this objective and offer countless points of entry into this inspiring work **C. Jung's Red Book for Our Time: Searching for Soul In the 21st Century Murray Stein, 2022-12-10 Do we like Jung need to leave the spirit of the time and follow the spirit of the depths to call out my soul where are you through the windows of our now post modern homes We live in a digital world of incredible virtual inter connectedness but at the same time fragmented and divided on many levels including the psychological The pace of life is rapid and ever accelerating The spirit of the time is flux It twitters There is no sense of coherence in the whole The guidance of a transcendent North Star is invisible to the naked eye of consciousness Our existential crisis is not about the individual alone It infects the entire human world like the Covid 19 pandemic Wars between cultural brothers and sisters increasingly dire effects of climate change economic disruptions hunger migration these conditions affect everyone on the planet Is there a spirit of the depths that can take us through this Inferno perhaps toward the emergence of a meaningful narrative that can stabilize the global community and provide a collective sense of supreme meaning This is the search for soul in the 21st Century **The Black Madonna**

Within Tataya Mato, 1994 Long a folk image in Europe the Black Madonna archetype has recently begun to appear in the dreams and other unconscious material of hundreds of North American women and men Some Jungian thinkers have identified this striking phenomenon with the emergence of a latent feminine force demanding conscious recognition The collective dream pattern so often in advance of consciousness here asserts a new caring relationship to the Earth and all its creatures **C.G.Jung: his myth in our time, tr** Marie Luise Von Franz, C.
