Dangerous Liaisons Dangerous Liaisons:

Dangerous Liaisons Pierre Choderlos de Laclos, 2023-04-26 *Dangerous Liaisons* *Les Liaisons dangereuses* is an early French novel by Pierre Choderlos de Laclos first published in four volumes in 1782. At the time of its publication, novels were a new literary form, and Laclos chose to present his story in an epistolary style, composing the novel solely of a series of letters written by the major characters to each other. It was first translated into English in 1812 and has since become universally regarded as one of the most significant early French novels. The story is framed around the Marquise de Merteuil and the Vicomte de Valmont, two narcissistic French aristocrats and rivals who enjoy games of seduction and manipulation and who most especially enjoy one upping each other. The letters they send to each other portray an interconnected web of seduction, revenge, and malice, and are interspersed with the more innocent letters of their victims. *Dangerous Liaisons* has often been seen as a depiction of the corruption and depravity of the French nobility shortly before the French Revolution, thereby making a negative statement about the Ancien Régime. But it is also a depiction of the timeless problems surrounding sex and love and a realistic portrayal of desires that are often beyond our control. As Laclos enjoyed the patronage of Louis Philippe II, the Duke of Orléans, and as other royalist and conservative figures like Queen Marie Antoinette enjoyed the book, it is likely it wasn't seen as a morality tale until after the French Revolution.

Les Liaisons Dangereuses Choderlos de Laclos, 2006-12-15 Daring, original, and highly erotic, this 18th-century novel explores the moral ambiguities of love and revenge in a series of letters that chronicle a ruthless game of seduction and betrayal. *Les Liaisons Dangereuses* Christopher Hampton, 2014-07-31 The scandalous reputation of Laclos's novel, first published in 1782, is based on its chilling portrayal of the mannered decadence and sexual cynicism of the French aristocracy in the last years of the ancien régime. Christopher Hampton has made a masterful adaptation for the stage of the conspiracy to corrupt a young girl barely out of her convent. *Les liaisons dangereuses* was premiered by the Royal Shakespeare Company at the Other Place, Stratford-upon-Avon, on 24 September 1985 and won Christopher Hampton the Evening Standard Award for Best Play and the Laurence Olivier Award for Best New Play in 1986.

Les Liaisons Dangereuses (the Dangerous Liaisons) Choderlos De Laclos, 2012 Published in 1782, just years before the French Revolution, *Les Liaisons Dangereuses* is a disturbing and ultimately damning portrayal of a decadent society. At its centre are two aristocrats, former lovers, who embark on a sophisticated game of seduction and manipulation to bring amusement to their jaded existences. While the Marquise de Merteuil challenges the Vicomte de Valmont to seduce an innocent convent girl, the Vicomte is also occupied with the conquest of a virtuous married woman. But as their intrigues become more duplicitous and they find their human pawns responding in ways they could not have predicted, the consequences prove to be more serious and deadly than Merteuil and Valmont could have guessed.

New Dangerous Liaisons Luisa Passerini, Liliana Ellena, Alexander C.T. Geppert, 2010-10-01 In Europe, love has been given a prominent place in European self-representations from the Enlightenment onwards. The category of love, stemming

from private and personal spheres was given a public function and used to distinguish European civilisation from others Contributors to this volume trace historical links and analyse specific connections between the two discourses on love and Europe over the course of the twentieth century exploring the distinctions made between the public and private the political and personal In doing so this volume develops an innovative historiography that includes such resources as autobiographies love letters and cinematic representations and takes issue with the exclusivity of Eurocentrism Its contributors put forth hypotheses about the historical pre eminence of emotions and consider this history as a basis for a non Eurocentric understanding of new possible European identities
