The Mind Control Manual of Dantalion Jones Dantalion Jones, 2011-01-10 Do you think there are any special skills to being happy What would you teach if you had your own followers Within this book you ll get the answers to those two questions via a simple set of exercises and meditations You see it s not like you re being asked to start a cult any time soon It s just that there are some very useful tools that anyone can use to gain a noticeable amount of happiness The truth is that if EVERYBODY used these mental tools people would be happier more good things would get done and the world would be a nicer place But that is perhaps asking too much What you get in this little manual are exercises and meditations the author has used to feel better about life and gain more control over every aspect of life In other words these are useful exercises that you can use every day and feel better as a result No one is telling you to go out and start your cult but if you were to these would be great positive exercises and teachings that would make people look at you with awe and wonder Teach people these exercises and you re bound to find a few smart people who see you as wiser than King Solomon Inside The Mind Control Manual you get The four things you ll need to value to be forever happy You ll learn why most people aren t happy The answer is It s hard work You ll learn how to wake up looking forward to the day You ll learn why most people hate themselves and how to over come it You ll

learn how to communicate with a future you who has accomplished it all so that you can get good advise You ll learn how to change past events so they will never drag you down no matter how terrible they may have been You ll learn how to focus your thoughts so that you are filled with energy instead of having to battle anger and frustration and more No you don t have to start a cult but if you did you could start here These are nice kind exercises in mind control that you should use on yourself and teach to as many people as possible

The Forbidden Book of Getting What You Want - Make the World Your Banquet Starting with a Simmering Stew of Ambition J. K. Ellis,2007-12-01 The most direct irreverent and devious self improvement book on the market There is nothing pretty about this book It s about doing what it takes to get what you want Whether you want to get rich get laid or get even or anything else this book will give you the straightforward insight and knowledge to do it This is not a white lighters book of manifestation but a down and dirty no holds barred grimoire designed to set your brain in a fixed direction toward your goal Sometimes it takes all the subtlety of a sledgehammer of get the point across and that is why The Forbidden Book of Getting What You Want was written Warning The Forbidden Book of Getting What You Want is a trap Once you read it you can t un read it Mind Control 101 - How to Influence the Thoughts and Actions of Others Without Them Knowing Or Caring J. K. Ellis,Dantalion Jones,2011-09-12 Why would someone write a book on Mind Control Because as much as we try to elevate ourselves above being human animals we are in fact animals We are subject to the wants and desires of any being with a genome and vertebrae To rise above that is an admirable and a task we should take on as a worthy spiritual endeavor But to deny that we are truly animals is to lie to ourselves We must deal with people who may not be so enlightened advanced as we are They may desire what we have and be secretly filled with envy and contempt The worst event is to have these suspicions fulfilled and then be pulled down into the politics of man Do we deny that it s happening and hope others will be touched by our honesty and good will enough to change Or do we drop our highest spiritual ideals and play their game I would like to suggest a radically different strategy Take the game of manipulation and Mind Control and make it a part of your spirituality
