Horses of Hollywood Roberta Smoodin, 2025-04-15 Despite the prevalence of horses in some of Hollywood's biggest movies of all time their role in cinema has gone largely unsung In fact film might not exist without horses Motion picture technology can trace its origins back to photographer Eadweard Muybridge whose early photos of a running racehorse were used to demonstrate the medium's potential In *Horses of Hollywood* Roberta Smoodin gives equine film stars the credit and recognition they have long deserved Smoodin goes behind the scenes to feature the trainers actors and directors who brought some of our favorite horses into the spotlight From silent movie horses like Gallant Bess to John Wayne and his four legged sidekicks to the origins of the horse girl trope in *National Velvet* to equine actors in Ridley Scott films *Horses of Hollywood* ensures that no self proclaimed horse whisperers detract from the real stars of the show Smoodin who was for many years a horse breeder and caretaker explains what went right and amiss in films featuring horses including factual discrepancies and unrealistic depictions of human equine relationships She discusses filmmakers celebrities and film crews who mistreated equine actors and failed to utilize these marvelous animals in more expressive ways At every turn Smoodin offers a reverence and adoration for Hollywood's horses that is often reserved for human celebrities balancing this perspective with humor and her own firsthand knowledge Bringing horses personalities to the forefront *Horses of Hollywood* serves as a veritable hall of fame and honors the vital intertwined history of motion pictures and equine legends

Perfectly Human: The Unexpected Autobiography Of A Hick Bayla Dornon, 2024-06-09 A book marketer recently asked me what genre my new series is and I had to think for a minute to figure that out Eventually I came up with Autobiographical Supernatural Horror Now I realize that sounds more like fantasy than reality but consider this if your family has monsters in it and you write about that family what do you call it Franz Kafka wrote about a man who transformed for unknown reasons into a cockroach obviously autobiographical and no one batted an eye My story covers adoption abortion LGBT rights cancer gay marriage science violent crime small farming in California missionary work the arid modern university environment AIDS teaching and the terrible toxicity of an insular family submerged deep within an abusive religious cult And all I did was describe my experience growing up in a normal American family of monsters For the purposes of focus and variety I've framed the first book around my family's oldest sibling MY SISTER SUZIE a girl who was adopted at birth and had all the cards stacked against her The second book recounts the life of OUR LITTLE SISTER who started her life as a sick and weak little girl but eventually won a college diploma and a man The final book details some pretty horrific transformations and catastrophes since it deals with a disastrous mother son relationship If you have a mother or a son AND THE DRAGONS might keep you up at night PERFECTLY HUMAN is the unforgivable saga of a boy born into one crazy family raised by an even more dysfunctional family and in love with another boy from a third family There's enough sex to keep it spicy and enough analysis to excuse all the sex
