From Girl to Goddess Valerie Estelle Frankel, 2014-01-10 Many are familiar with Joseph Campbell's theory of the hero's journey the idea that every man from Moses to Hercules grows to adulthood while battling his alter ego This book explores the universal heroine's journey as she quests through world myth Numerous stories from cultures as varied as Chile and Vietnam reveal heroines who battle for safety and identity thereby upsetting popular notions of the passive gentle heroine Only after she has defeated her dark side and reintegrated can the heroine become the bestower of wisdom the protecting queen and arch crone Instructors considering this book for use in a course may request an examination copy here

A New English Dictionary on Historical Principles James Augustus Henry Murray, Sir William Alexander Craigie, Charles Talbot Onions, 1897 [A New English Dictionary on Historical Principles](#), 1897

How to Sit on the Throne of the Godless God of the Seventh Day Venerable Zen Master Vajra Karuna, 2020-06-17 Perhaps you've thought that the traditional ways of understanding God are lacking in resonance and relevance that there must be more to the concept of divinity than the anthropomorphic gender exclusionary ethically and logically problematic God of Christianity Judaism and Islam If so this beautiful book may be the path to enlightenment that you've been seeking Uthimaniyya or Trans Sufism embraces the idea that there is an ultimate spiritual experience called The Consciousness of the Eternal Now or Sitting on the Throne of God This experience is not dependent on any past religion instead it is realized through observing a mathematically mystical version of the Seventh Day the Throne Sabbath that is more compatible with a belief in God as everything and everything as God Since a God that is everything cannot have a personhood it is referred to as the impersonal God or the Godless God The Throne Sabbath is based on a radical reinterpretation of the biblical and quranic myth of the creation of the world in six days and a seventh day when the Creator rested Bible or retreated to His throne Quran Inspiring and transcendent How to Sit on the Throne of the Godless God is the guide you need to access a new viewpoint [The Vampire Archives](#) Otto

Penzler, 2009-09-29 The Vampire Archives is the biggest hungriest undeadliest collection of vampire stories as well as the most comprehensive bibliography of vampire fiction ever assembled Dark stormy and delicious once it sinks its teeth into you there's no escape Vampires Whether imagined by Bram Stoker or Anne Rice they are part of the human lexicon and as old as blood itself They are your neighbors your friends and they are always lurking Now Otto Penzler editor of the bestselling Black Lizard Big Book of Pulps has compiled the darkest the scariest and by far the most evil collection of vampire stories ever With over eighty stories including the works of Stephen King and D H Lawrence alongside Lord Byron and Tanith Lee not to mention Edgar Allan Poe and Harlan Ellison The Vampire Archives will drive a stake through the heart of any other collection out there Other contributors include Arthur Conan Doyle Ray Bradbury Ambrose Bierce H P Lovecraft Harlan

Ellison Roger Zelazny Robert Bloch Clive Barker **Justice & Vengeance** Anthony Gargarella, 2023-01-06 There is nowhere more gritty or bleak than Sovereign City Virginia a crime ridden metropolis on the American eastern seaboard a place where

evil truly runs rampant It is where killers stalk the streets rapists seek out their next prey and kingpins rule from the shadows But there are those who aren't afraid to fight back FBI Special Agent Dwayne Prowl feisty private investigator Rachael Harlan and vigilante drifter Anton Walton all operating at different levels of the law they fight crime throughout the city either by themselves or even alongside each other But whether they fight for justice or desire vengeance it is only a matter of personal perspective

The Darkness Manifesto Johan Eklöf, 2024-02-13 How much light is too much light Satellite pictures show our planet as a brightly glowing orb and in our era of constant illumination light pollution has become a major issue The world's flora and fauna have evolved to operate in the natural cycle of day and night But in the last 150 years we have extended our day and in doing so have forced out the inhabitants of the night and disrupted the circadian rhythms necessary to sustain all living things including ourselves In this well researched and surprisingly lyrical The New Statesman UK book Swedish conservationist Johan Eklöf urges us to appreciate natural darkness its creatures and its unique benefits He ponders the beauties of the night sky traces the errant paths of light drunk moths and the swift dives of keen eyed owls and shows us the bioluminescent creatures of the deepest oceans As a devoted friend of the night Eklöf reveals the startling domino effect of diminishing darkness insects dumbfounded by streetlamps failing to reproduce birds blinded and bewildered by artificial lights and bats starving as they wait in vain for insects that only come out in the dark For humans light induced sleep disturbances impact our hormones and weight and can contribute to mental health problems like chronic stress and depression The streetlamps floodlights and neon signs of cities are altering entire ecosystems and scientists are only just beginning to understand their long term effects The light bulb long the symbol of progress and development needs to be turned off

Visions of Invasion Michael Lechuga, 2023-03-02 Visions of Invasion Alien Affects Cinema and Citizenship in Settler Colonies explores how the US government mobilizes media and surveillance technologies to operate a highly networked multidimensional system for controlling migrants Author Michael Lechuga focuses on three arenas where a citizenship control assemblage manufactures alienhood Hollywood extraterrestrial invasion film federal antimigration and

border security legislation and various immigration enforcement protocols implemented along the Mexico United States border Building on rhetorical studies settler colonial studies and media studies Visions of Invasion offers a glimpse at how the processes of alien making contribute to an ongoing settler colonial project in the US Lechuga demonstrates that popular films The War of the Worlds Predator Men in Black and more participate in the production of migrants as subjective terrorists felons and other noncitizen personae vilified in public discourse Beyond just tracing how alien invasion narratives circulate in popular media Lechuga describes how the logics motivating early US colonists materialize in both the US s citizenship control policy and in some of the country s most popular texts Beneath each of the film franchises and antimigrant political expressions described in Visions of Invasion lies an anxious colonial logic in which the settler way of life is seemingly threatened by false narratives of imminent invasion from abroad The volume offers a deep dive into how the rhetorical figure of the alien has been manufactured as a political subjectivity one that plays out the anxieties guilts and fears of colonialism in today s science fiction landscape *English Mechanic and World of Science* ,1875
