Conflux

Saige Sterling has been working as a bounty hunter for her weredragon boss for six months now. Drake Gilden is a sexy enigma that she isn't sure she'll ever be able to figure out. They have undeniable chemistry, but she's so far beneath him in the supernatural hierarchy that she knows he's out of her league. When Saige and Ruen, her reluctant vampire partner, came back from the first realm of the underworld, they didn't return alone. Saige now has a new roommate. Aurora is still learning about the new dimension she's been drawn to. Her powers have the habit of leaking out onto Saige. It's something she's going to have to learn how to control before it drives the bounty hunter crazy.

Stealing one of the mysterious scroll fragments from the rulers of the underworld should have been enough to stop the coming apocalypse. Lord Gilden is determined to have them all in his grasp. He sends the unlikely trio to the second realm in search of the next piece of the enchantment. With Saige's mixed genes, she has no idea if she'll be the same type of monster that she was in the first realm or if she'll turn into something completely different.

Vortex

She will also get a chance to shine and show them exactly why the weredragon hired her. Saige's fame as a bounty hunter is growing with each new mission she accomplishes. Few in the supernatural community in Nexus are aware that she has a secret task in the underworld. So far, the huntress, her vampire sidekick, and best friend have retrieved two fragments of a magical scroll. The monsters and beasts are becoming more dangerous with each realm they visit. So are the guardians who are guarding the spells.
