Women, Emancipation and the German Novel 1871-1910 Charlotte Woodford, 2017-12-02 In novels written at the end of the long nineteenth century women in Germany and Austria engaged with some of the most pressing social questions of the modern age Charlotte Woodford analyses a wide range of such works many of them largely forgotten in the context of the contemporary cultural discourses that informed their creation such as writings on pacifism and socialism prostitution birth control and sexually transmitted diseases Women's experience of contemporary medicine as patients and doctors is a fascinating theme treated here by several authors Through a close reading of works by Marie von Ebner Eschenbach Minna Kautsky Gabriele Reuter Helene Bohlau Ilse Frapan Hedwig Dohm Lou Andreas Salome and others this study shows how writers determination to validate women's experience of the problems of modernity informed the aesthetic development of the novel by women

Anneliese's House Lou Andreas-Salomé, 2021 The first English translation of a presciently modern portrayal of emerging

feminist sensibilities in a nineteenth century family by one of Germany's leading pre First World War writers *The Human Family* Lou Andreas-Salomé, 2005-01-01 *The Human Family* is the first complete translation of the cycle of ten novellas that Lou Andreas Salom 1861 1937 wrote between 1895 and 1898 This collection contributes to the rediscovery of Andreas Salom's significance as a thinker and writer above all with regard to her literary contribution to modern feminism and the principles of women's emancipation Born in St Petersburg to a German diplomat and his wife Andreas Salom has always been a figure of interest because of her close relationships to influential thinkers such as Friedrich Nietzsche Rainer Maria Rilke and Sigmund Freud Only since the mid 1980s however have her prose fiction and theoretical writings been reconsidered as important documents of emerging ideas and debates in twentieth century feminism The ten stories of *The Human Family* drive home her critical perspective on feminine stereotypes They depict a wide variety of young women as they relate to men representing different degrees of enlightenment and tolerance struggling to express a complete and independent feminine identity in the face of the confining but often seductive roles that convention and tradition impose on female potential *The Human Family* provides a subtle and nuanced perspective on European feminist writing from the turn of the last century by a woman writer who was intimately involved with the literary mainstream of her time and whose theoretical and literary works played a significant role in feminist debates of the period prefiguring present day feminist discourse on essentialism and constructivism

Das Haus Lou Andreas-Salomé, 1921 *Rilke and Andreas-Salomé* Rainer Maria Rilke, Lou Andreas-Salomé, 2014-03-24 Immensely readable a significant piece of scholarship Fred Volkmer New York Sun He would become one of the most important poets of the twentieth century she a muse of Europe's fin de siècle thinkers and artists In this collection of letters a finalist for the PEN USA translation award the poet Rainer Maria Rilke and Lou Andreas Salom a writer and intellectual fourteen years his senior pen a relationship that spans thirty years and shifting boundaries as lovers as mentor and protégé and as deep personal and literary allies

Women in the Works of Lou Andreas-Salomé Muriel Cormican, 2009 Comprehensive view of Andreas Salom's fictional works focusing on her depictions of women and questions of narrative and identity The writer and intellectual Lou Andreas Salom 1861 1937 fascinates scholars of German literature because of her associations with Nietzsche Rilke and Freud and because she was active in the cultural and intellectual vanguard of late 19th and early 20th century Germany and Austria Recent editions of her fictional works have garnered wider attention from scholars of literature and theory particularly those interested in women's studies identity politics and narrative theory This study analyzes how Andreas Salom depicted women in her fictional works just as feminism was emerging revealing a complex engagement with questions of narrative and identity More than mere thematic explorations of women's changing roles in society her works investigate the concept of identity and its relationship to gender sexuality and narrative representation She is as concerned with a cultural crisis of femininity and masculinity as with the identity crises of her individual women characters This book offers the best account of Andreas Salom's literary works de-emphasizing

biographical and psychoanalytical perspectives but taking into account the sociopolitical historical and cultural contexts in which they were written It also adds to contemporary theoretical discourses on gender feminism and identity Muriel Cormican is Professor of German at the University of West Georgia Carrollton Georgia Die deutsche Literatur seit 1890
