Dangerous Women Deadly Words Phallic Fantasy And Modernity In Three Japanese Writers

William Johnston

Dangerous Women Deadly Words Phallic Fantasy And Modernity In Three Japanese Writers:

Dangerous Women, Deadly Words Nina Cornyetz, 1999 This is a materialist feminist psychoanalytic analysis of a modern Japanese literary trope the dangerous woman linked to archaisms and magical realms and found throughout the Japanese canon in the works of three 20th century writers Izumi Kyoka 1873 1939 Enchi Fumiko 1905 86 and Nakagami Kenji 1946 92

The Columbia Anthology of Modern Japanese Literature J. Thomas Rimer, 2007-04-24 In Volume 2 of Columbia's comprehensive anthology of modern Japanese literature thoughtfully selected and carefully translated readings portray the vast changes that have transformed Japanese culture since the end of the Pacific War Beginning with the Allied Occupation in 1945 and concluding with the early twenty first century these stories poems plays and essays reflect Japan's heady transition from poverty to prosperity its struggle with conflicting ideologies and political beliefs and the growing influence of popular culture on the country's artistic and intellectual traditions Organized chronologically and by genre within each period readings include fiction by Hayashi Fumiko and Oe Kenzaburo poems by Ayukawa Nobuo Katsura Nobuko and Saito Fumi plays by Mishima Yukio and Shimizu Kunio and a number of essays among them Eto Jun on Natsume Soseki and his brilliant novel *Kokoro* The Heart of Things and Kawabata Yasunari on the shape of his literary career and the enduring influence of classical Japanese literature Some authors train a keen eye on the contemporary world while others address the historical past and its relationship to modern culture Some adopt an even broader scope and turn to European models for inspiration while others look inward exploring psychological and sexual terrain in new often daring ways Spanning almost six decades this anthology provides a thorough introduction to a profound period of creative activity Geisha, Harlot, Strangler, Star William Johnston, 2005 In 1936 Abe Sada committed the most notorious crime in twentieth century Japan the murder and emasculation of her lover This detailed account of Sada's personal history the events leading up to the crime and its aftermath steps beyond the simplistic view of Abe Sada as a sexual deviate or hysterical woman to reveal a survivor

Translation in Modern Japan Indra Levy, 2017-07-05 The role of translation in the formation of modern Japanese identities has become one of the most exciting new fields of inquiry in Japanese studies This book marks the first attempt to establish the contours of this new field bringing together seminal works of Japanese scholarship and criticism with cutting edge English language scholarship Collectively the contributors to this book address two critical questions 1 how does the conception of modern Japan as a culture of translation affect our understanding of Japanese modernity and its relation to the East West divide and 2 how does the example of a distinctly East Asian tradition of translation affect our understanding of translation itself The chapter engage a wide array of disciplines perspectives and topics from politics to culture the written language to visual culture scientific discourse to children's literature and the Japanese conception of a national literature Translation in Modern Japan will be of huge interest to a diverse readership in both Japanese studies and translation studies as well as students and scholars of the theory and practice of Japanese literary translation traditional and modern Japanese

history and culture and Japanese women s studies **Perversion and Modern Japan** Nina Cornyetz,J. Keith Vincent,2010-01-21 Perversion and modern Japan focuses on the psychoanalytic approach to the study of modern Japan Using a wide range of psychoanalytic approaches the contributors to this book have brought together chapters on everything from the Ajase complex to underpants from fascist modernism in literature to internet based suicide pacts **Poison Woman** Christine L. Marran, Portions of chapter 4 were previously published in slightly different form in So bad she s good the masochist s heroine in Japan Abe Sada in Bad girls of Japan edited by Laura Miller and Jan Bardsley London Palgrave Macmillan 2005 141 67 T p verso *The Dawn that Never Comes* Michael K. Bourdaghs,2003 A critical rethinking of theories of national imagination The Dawn That Never Comes offers the most detailed reading to date in English of one of modern Japan s most influential poets and novelists Shimazaki Toson 1872 1943 It also reveals how Toson s works influenced the production of a fluid shifting form of national imagination that has characterized twentieth century Japan Analyzing Toson s major works Michael K Bourdaghs demonstrates that the construction of national imagination requires a complex interweaving of varied and sometimes contradictory figures for imagining the national community Many scholars have shown for example that modern hygiene has functioned in nationalist thought as a method of excluding foreign others as diseased This study explores the multiple images of illness appearing in Toson s fiction to demonstrate that hygiene employs more than one model of pathology and it reveals how this multiplicity functioned to produce the combinations of exclusion and assimilation required to sustain a sense of national community Others have argued that nationalism is inherently ambivalent and self contradictory Bourdaghs shows more concretely both how this is so and why it is necessary and provides in the process a new way of thinking about national imagination Individual chapters take up such issues as modern medicine and the discourses of national health ideologies of the family and its representation in modern literary works the gendering of the canon of national literature and the multiple forms of space and time that narratives of national history require The Body in Postwar Japanese Fiction Douglas Slaymaker,2004-08-02 This book explores one of the crucial themes in postwar Japanese fiction Through an examination of the work of a number of prominent twentieth century Japanese writers the book analyses the meaning of the body in postwar Japanese discourse the gender constructions of the imagery of the body and the implications for our understanding of individual and national identity This book will be of interest to all students of modern Japanese literature Women and Democracy in Cold War Japan Jan Bardsley,2014-06-19 Women and Democracy in Cold War Japan offers a fresh perspective on gender politics by focusing on the Japanese housewife of the 1950s as a controversial representation of democracy leisure and domesticity Examining the shifting personae of the housewife especially in the appealing texts of women s magazines reveals the diverse possibilities of postwar democracy as they were embedded in media directed toward Japanese women Each chapter explores the contours of a single controversy including debate over the royal wedding in 1959 the victory of Japan s first Miss Universe and the unruly desires of postwar women Jan Bardsley also

takes a comparative look at the ways in which the Japanese housewife is measured against equally stereotyped notions of the modern housewife in the United States asking how both function as narratives of Japan U S relations and gender class containment during the early Cold War

Writing Pregnancy in Low-Fertility Japan Amanda C. Seaman, 2016-12-31

Writing Pregnancy in Low Fertility Japan is a wide ranging account of how women writers have made sense and nonsense of pregnancy in postwar Japan While earlier authors such as Yosano Akiko had addressed the pain and emotional complexities of childbearing in their poetry and prose the topic quickly moved into the literary shadows when motherhood became enshrined as a duty to state and sovereign in the 1930s and 40s This reproductive imperative endured after World War II spurred by a need to create a new generation of citizens and consumers for a new peacetime nation It was only in the 1960s in the context of a flowering of feminist thought and activism that more critical and nuanced appraisals of pregnancy and motherhood began to appear In her fascinating study Amanda C Seaman analyzes the literary manifestations of this new critical approach in the process introducing readers to a body of work notable for the wide range of genres employed by its authors including horror and fantasy short stories novels memoir and manga the many political personal and social concerns informing it and the diverse creative approaches contained therein This pregnancy literature Seaman argues serves as an important yet rarely considered forum for exploring and debating not only the particular experiences of the pregnant mother to be but the broader concerns of Japanese women about their bodies their families their life choices and the meaning of motherhood for individuals and for Japanese society It will be of interest to scholars of modern Japanese literature and women s history as well as those concerned with gender studies feminism and popular culture in Japan and beyond
