Normalizing Extreme Imprisonment Marion Vannier, 2021 A critical examination of life imprisonment without the possibility of parole LWOP This book presents a unique case study of the normalization of LWOP and the extent to which groups and individuals within civil society who challenge capital punishment have helped normalize LWOP by fostering the belief that it is humane and merciful , **The Myth of Judicial Independence** Mike McConville, Michael McConville, Luke Marsh, 2020 This book contests the existence of judicial independence It maintains that civil servants historically and up to the present day have advanced executive mission creep and eroded common law principles via their influence over the Judges Rules Reflexivity and Criminal Justice Sarah Armstrong, Jarrett Blaustein, Alistair Henry, 2016-11-23 This collection presents a diverse set of case studies and theoretical reflections on how criminologists engage with practitioners and policy makers while undertaking research The contributions to this volume highlight both the challenges and opportunities associated with doing criminological research in a reflexive and collaborative manner They further examine the ethical and practical implications of the impact agenda in the higher education sector with respect to the production and the dissemination of criminological knowledge Developed to serve as an internationally accessible reference volume for scholars practitioners and postgraduate criminology students this book responds to the awareness that criminology as a discipline increasingly encompasses not only the study of crime but also the agencies process and structures

that regulate it Key questions include How can criminal justice policy be studied as part of the field of criminology How do we account for our own roles as researchers who are a part of the policy process What factors and dynamics influence hinder and facilitate good policy

The Politics of Punishment Louise Brangan, 2021-05-16 Prisons are everywhere Yet they are not everywhere alike How can we explain the differences in cross national uses of incarceration The Politics of Punishment explores this question by undertaking a comparative sociological analysis of penal politics and imprisonment in Ireland and Scotland Using archives and oral history this book shows that divergences in the uses of imprisonment result from the distinctive features of a nation's political culture the different political ideas cultural values and social anxieties that shape prison policymaking Political culture thus connects large scale social phenomena to actual carceral outcomes illuminating the forces that support and perpetuate cross national penal differences The work therefore offers a new framework for the comparative study of penalty This is also an important work of sociology and history By closely tracking how and why the politics of punishment evolved and adapted over time we also yield rich and compelling new accounts of both Irish and Scottish penal cultures from 1970 to the 1990s The Politics of Punishment will be essential reading for students and academics interested in the sociology of punishment comparative penology criminology penal policymaking law and social history

The Politics of Police Detention in Japan Silvia Croydon, 2016

The Official History of Criminal Justice in England and Wales David Downes, Tim Newburn, 2022-11-29 This book is Volume IV in the Official History of Criminal Justice in England and Wales Previous volumes have focused on the moral reforms of the 1960s the changes to the criminal courts and the introduction of an independent prosecution service and the broad shifts in penal policy that have taken place in the post war era This volume examines the changing politics of law and order charting the gradual shift toward greater political conflict and dispute Until the early 1970s law and order rarely occupied a privileged place in political debate From that point this began to change with initially the Conservatives utilising crime and penal policy as a means of distinguishing themselves from their opponents This volume charts these changes in the politics of law and order and examines the rise in the temperature of political debate around such issues as the Labour Party markedly shifted its direction in the 1990s This book will be of interest to students of British political history criminology and sociology
