The Farmer'S Daughter'S Guide to Nutritious and Delicious Eating Rosanne C. Martino,2017-04-12 The idea of writing a book came to me after an evening of preparing a meal for some friends I enjoy cooking for others It is relaxing and creative and I find that most of the time everyone always wants Italian food Halfway through dinner I was already getting requests for another sumptuous event A thought came to me to try to recreate the meal and write down the recipe We do not usually cook with recipes in my family so that was a novel idea After that when cooking if a dish was exceptionally tasty and looked pretty I would try to recreate it It was at that time that I finally realized I had a lot to say about food I paid such special attention in preparing delicious as well as nutritious foods in not only Italian dishes but also my individual taste that I had to share them Between learning at a young age about how food was grown harvested and prepared combined with my degree in holistic nutrition I realized the amount of information in my head was overpowering So I decided to write The Farmers Daughters Guide to Nutritious and Delicious Eating I hope you enjoy my tribute to my family and my very fortunate life including the Martino family photos Consider this my contribution to your journey for good healthy and fun eating

Clinical Medicine of the Dog and Cat Michael Schaer,Frederic Gaschen,Stuart Walton,2022-10-28 The fourth edition of Clinical Medicine of the Dog and Cat remains the most extensively illustrated and practical small animal veterinary textbook on the market It continues and expands on the revolutionary problem based approach of the previous three editions with more than 1 100 clinical color photographs diagrams and tables The book is divided into five color coded sections General Approach Diagnostic Techniques Disease of Specific Organ Systems Multisystemic Disorders and Elements of Therapy For this edition Case studies are integrated within the relevant chapters for ease of reference The first section on common medical problems now includes abdominal distension peripheral edema proteinuria regurgitation and seizures Chapters on thoracic and abdominal radiographs are now included in a unique new section on Diagnostic Techniques encouraging an integrated learning approach The third section contains detailed medical information covering most organ systems with several chapters completely rewritten and others comprehensively updated to include additional text and images Additional endoscopic radiographic CT and MRI images are

included alongside clinical photographs very few veterinary textbooks have such a rich emphasis on photographs Each section has a limited number of recommended updated references The practical information is presented with text tables and algorithms while each chapter is arranged to provide the definition of each disorder its clinical features the differential diagnoses the diagnostic methodology and the treatment and prognosis The formatting has been improved to make this textbook easy to read and comprehend The busy veterinarian or student is thus provided with a readily available resource of important clinical information in a clear brief manner Written by board certified experts the topics are carefully selected to make this a valuable resource for veterinary students as well as for general practitioners and small animal interns

Brewing Sustainability in the Coffee and Tea Industries Alissa Bilfield, 2022-04-24 This book focuses on the often intertwined industries of coffee and tea using accounts of single producer communities to highlight the transformation from plantation style colonial agriculture towards systems that now claim to produce social and environmental benefits from the farm to the cup Focusing on the dynamics of farmers experiences producing coffee and tea ethically and sustainably at origin the book shows how these values are transmitted and reinforced throughout the value chain Exploring tandem case studies of fair trade cooperatives in Guatemala and Sri Lanka it provides an insight into the creation of more sustainable value chains from producer to consumer in the global marketplace incorporating the perspectives of coffee exporters importers roasters and caf owners This book is focused on the prospects of the specialty movement in food as a catalyst for forging more authentic just and sustainable supply chains that consider both people and the environment This book will be of great interest to students and scholars of food and agriculture sustainable food systems and supply chains the fair trade movement sustainable development and social entrepreneurship and social innovation [Clinical Veterinary Toxicology - E-Book](#)

Konnie Plumlee, 2003-12-10 This book covers all aspects of toxicology including toxic diseases of large animals small animals and exotic pets It provides key information on how poisons affect the body how the body responds to a foreign substance how poisonings are diagnosed and how poisonings are treated Coverage includes every organ system of every species of animal with details on each body system s susceptibility to poison Poisons affect animals differently depending on species breed age gender health status and reproductive status This resource addresses these differences allowing the veterinarian to determine the class of toxicant the mechanism of action and the proper course of treatment If confronted with an unknown poison the information in this book will assist the veterinarian in formulating a list of potential poisons based on the clinical signs that the animal is exhibiting and in choosing the appropriate tests to narrow the list to one or a few possible poisons Most comprehensive toxicology book available Written in a user friendly style that makes it easy to master the content Covers poisonings in both large and small domestic animals The Principles of Toxicology section provides comprehensive coverage of concepts terminology toxicokinetics treatments and regulatory information The Manifestations of Toxicoses section is devoted to differentiating between poisons based on lesions and clinical signs The Classes of Toxicants section

offers detailed information on each poison including sources risk factors pathophysiology clinical signs and lesions diagnostic testing and treatment The author is board certified in toxicology and the contributors are all toxicologists and educators ensuring authoritative up to date clinical information **Kirk's Current Veterinary Therapy XV** John D. Bonagura, David C. Twedt, 2013-10-04 NEW chapters cover the most important emerging information on current diagnostic treatment and preventive challenges in today s veterinary practice A new section on feline and canine nutrition covers important issues in nutritional health 50 new chapter authors join hundreds of expert international contributors all of whom are leading authorities in their fields NEW Availability as Pageburst ebook allows you digital access to this volume along with your library of other Elsevier references **Coffee Magic for the Modern Witch** Elsie Wild, 2023-10-31 A Simon Schuster eBook Simon Schuster has a great book for every reader Backpacker , 2007
