## **Dark Forces The 25th Anniversary Edition:**

*Where Angels Walk (25th Anniversary Edition)* Joan Wester Anderson, 2016-12-01 We don't hear much about angels nowadays. When we do, they have often been secularized or commercialized. Instead of ministering angels who reveal God's love and mercy, we hear about angel investors or we gobble up foil-wrapped chocolate angels at Christmas. But Joan Wester Anderson trusts that angels still walk among us. On mountain slopes, on desolate rural highways, in airplane cockpits, these are just a few of the many places where ordinary people have felt the very real presence and power of God's angels at work in their lives. In this twenty-fifth anniversary edition of her New York Times best-selling book *Where Angels Walk*, Joan Wester Anderson, the Angel Lady, offers dozens of reasons, stories actually, for us to reconsider our rather limited view of angels. In addition to the original collection of angelic encounters, several new stories have been included. Anderson, who holds traditional Christian beliefs about angels, was careful to select only those stories that had a ring of truth to them. But are they true? Do heavenly visitors really walk among us? Open this book along with your heart before you decide. *Nothing in This Book Is True, But It's Exactly How Things Are, 25th Anniversary Edition* Bob Frissell, 2019-06-25 The twenty-fifth anniversary edition of this underground classic explores higher consciousness, human evolution, metaphysics, sacred geometry, the secret government, and more. Gives clear instructions on MerKaBa, Light Body activation, and the companion Unity Breath. Details our ancient past as seen through the eyes of the Ascended Masters. Provides exercises, tools, and techniques to clear the energies blocking your access to your Higher Self. In this special edition, Bob Frissell has kept intact the basic message of the previous edition; he has also expanded upon it by including significant additions and updates to virtually every chapter, including ten completely new chapters. The author details from a big picture perspective the enormous infusion of higher dimensional energy that is dramatically raising the vibratory rate of the planet and everyone on it. He also gives the details of the personal transformation that we must make if we are to survive and thrive so we can catch the ride into higher consciousness in a way that enables Mother Earth to reach critical mass and become lit from within. This is the story of nothing less than the birth of a new humanity, of the cocreation of Heaven on Earth. Through the Right Eye of Horus, around the circles and spirals of sacred geometry, in and out of the magic of Breath Alchemy, even surviving the potentially cataclysmic pole shifts intact, we will eventually assemble internally our own MerKaBa, the universal pattern of creation, and join the Ascended Masters. We will meet the forces working to advance our evolution of consciousness, and those seeking to block it. When we reach critical mass, Mother Earth will shift into a higher dimensional level. Many galactic presences have already gathered around our planet, watching and waiting to observe this unprecedented event. This is a time of great celebration as we move out of the darkness and into the light. It means that the veils will be lifted; we will remember and live our intimate connection to all life, and we will be allowed to reunite with our cosmic brothers and to move about the universe. We will completely redefine what it means to be human. **The Sacred Balance, 25th anniversary edition** David
