Custody, Care and Criminality Brendan Kelly, 2014-09-01 In this fundamentally important work Professor Brendan Kelly explores the background to Irish psychiatry in the nineteenth and early twentieth centuries charting its progress and development Using detailed case studies from the original records the author examines some of the more unusual treatments explored and the history behind them What emerges is a collection of piercing untold stories of crime and illness drama and tragedy They are filled with a sense of the powerlessness of those detained and the dedicated and sometimes misguided enthusiasm of those trying to help This book sheds important light on the foundations for the treatment of mental illness in Ireland

The Little Book of Tipperary Debbie Blake, 2018-04-24 The Little Book of Tipperary is a compendium of fascinating obscure strange and entertaining facts about County Tipperary Here you will find out about Tipperary's industrial past its proud sporting heritage its arts and culture and its famous and occasionally infamous men and women Through quaint villages and bustling towns this book takes the reader on a journey through County Tipperary and its vibrant past A reliable reference book and a quirky guide this can be dipped into time and time again to reveal something new about the people the heritage and the secrets of this varied county

In Spite of Oceans Huma Qureshi, 2014-10-06 In Spite of Oceans Migrant Voices explores the individual journeys of generations in transition from the South Asian subcontinent to England Poignantly written and based on real events and interviews what emerges is the story of lives between cultures of families reconciling customs and traditions away from their ancestral roots and of the tensions this necessarily creates We hear from the young bride from Bangladesh married to a stranger who comes to England to navigate life with a man she cannot love from an Indian father who struggles to come to terms with his son's mental illness and hides it from people he

knows about how a mother and daughter's relationship was shattered in the clash over the Pakistani traditions her daughter chooses not to follow Each narrative describes a journey that is both literal and deeply emotional exploring the hold an inherited culture can have on the decisions and choices we make At times heart breaking at times inspirational In Spite of Oceans brings to life the pull of the past and the push of the future and the evolving nature of what we understand as home

Western Winds Edward Chitham,2015-05-04 The Irish heritage of the Brontë family has long been overlooked partly because both Charlotte and her father Patrick did their very best to ensure that this was the case and partly because there was a strong understanding at the end of the nineteenth century that the Brontës were Yorkshire regional novelists Yet their ideas and attitudes and perhaps even their storylines can be traced to Ireland This book which develops ideas originally published in *The Brontës Irish Heritage* in 1986 sets the record straight By re-evaluating the sources available it traces Patrick's Irish ancestry and shows how it prevented him from achieving his ambitions it shows how that heritage influenced his children's writings particularly Emily and it sheds further light on the genesis of *Wuthering Heights* *A 1950s Irish Childhood* Ruth Illingworth,2018-08-08 1950s Ireland was the age of De Valera and John Charles McQuaid It was the age before television Vatican II and home central heating A time when motor cars and public telephones had wind up handles when boys wore short trousers and girls wore ribbons when nuns wore white bonnets and priests wore black hats in church To the young people of today the 1950s seem like another age But for those who played learned and worked at this time this era feels like just yesterday This delightful collection of memories will appeal to all who grew up in 1950s Ireland and will jog memories about all aspects of life as it was City of Streams Caitríona Hastings,2017-09-01 On the eve of the Second World War in Europe the senior pupils in the National Schools of the West of Ireland were engaged in an important if somewhat unusual task With the aid of a questionnaire supplied by the Irish Folklore Commission and under the direction of their teachers the children were collecting a wide and varied range of folklore and folk memories in their own neighbourhoods The stories they gathered were many and varied covering such topics as local beliefs and customs traditional crafts weather lore the Famine cures songs and riddles This is their story **The Famine Irish** Ciaran Reilly,2016-04-04 From a range of leading academics and historians this collection of essays examines Irish emigration during the Great Famine of the 1840s From the mechanics of how this was arranged to the fate of the men women and children who landed on the shores of the nations of the world this work provides a remarkable insight into one of the most traumatic and transformative periods of Ireland's history More importantly this collection of essays demonstrates how the Famine Irish influenced and shaped the worlds in which they settled while also examining some of the difficulties they faced in doing so **The Men Who Stare at Hens** Simon Leyland,2019-04-05 Have you heard of Frederick Hervey the atheist Bishop of Derry who hated church bells What about Samuel Boyce the poet who couldn't afford trousers Not even Mary Monckton who once stole a live hedgehog from a dinner party *The Men Who Stare at Hens* is a gentle meander down the byways and

highways of Irish history remembering the wonderful array of eccentrics that made their mark on their times
