Daughters Of The Declaration How Women Social Entrepreneurs Built The American Dream:

Daughters of the Declaration Claire Gaudiani, David Graham Burnett, 2011-11-08 America's founding fathers established an idealistic framework for a bold experiment in democratic governance. The new nation would be built on the belief that all men are created equal and are endowed with a right to life, liberty, and the pursuit of happiness. The challenge of turning these ideals into reality for all citizens was taken up by a set of exceptional American women. Distinguished scholar and civic leader Claire Gaudiani calls these women social entrepreneurs, arguing that they brought the same drive and strategic intent to their pursuit of the greater good that their male counterparts applied to building the nation's capital markets throughout the nineteenth century. Gaudiani tells the stories of these patriotic women and their creation of America's unique not-for-profit or social profit sector. She concludes that the idealism and optimism inherent in this work provided an important asset to the increasing prosperity of the nation from its founding to the Second World War. Social entrepreneurs have defined a system of governance by the people, and they remain our best hope for continued moral leadership in the world.

Social Entrepreneurship in the Age of Atrocities Zachary Daniel Kaufman, 2012-01-01 How can anyone make a difference in a world marked by genocide, civil war, refugee crises, disease epidemics? With conscience, hope, and sweat and equity, Dr. Zachary Kaufman and the other contributors to this book have offered aid, created organizations serving victims of human rights violations, and learned from setbacks and failures. Their insight into challenges of sustainable fund-raising, organizational design and management, and skepticism about young Western volunteers can inspire and instruct others who hope to address suffering and injustice through initiative, analysis, and commitment.

— Martha Minow, Dean of the Faculty of Law and Jeremiah Smith Jr. Professor of Law, Harvard Law School

Author: *Between Vengeance and Forgiveness: Facing History After Genocide and Mass Violence*

This book makes an all too rare and important point. One of the distinguishing characteristics of social entrepreneurs is the way their actions and their example pave the way for peace. Kaufman gives us multiple examples here to demonstrate that the kind of empathetic leadership exhibited by these social entrepreneurs builds an alternative to conflict and contributes to the stability and security of societies.

— Dr. Diana Wells, President, Ashoka

Under the able editorship of Dr. Zachary Kaufman, an upstander in his own right, this pathbreaking book demystifies social entrepreneurship, namely citizen-inspired initiatives that may have as much potential to overcome the challenges burdening victims of atrocities and other assaults on humankind as social media has demonstrated in revolutionizing how people communicate in the 21st Century.

— The Honorable David J. Scheffer, Mayer Brown, Robert A. Helman Professor of Law and Director, Center for International Human Rights, Northwestern University School of Law; former U.S. Ambassador at Large for War Crimes Issues

Author: *All the Missing Souls: A Personal History of the War Crimes Tribunals*

Wayne, 2014-12-09 A comprehensive encyclopedia tracing the history of the women s rights movement in the United States from the American Revolution to the present day Few realize that the origin of the discussion on women s rights emerged out of the anti slavery movement of the 19th century and that suffragists were active in the peace and labor movements long after the right to vote was granted Thus began the confluence of activism in our country where the rights of women both followed and led the social and political discourse in America Through 4 volumes and more than 800 entries editor Tiffany K Wayne with advising editor Lois Banner examine the issues people and events of women s activism from the early period of American history to the present time This comprehensive reference not only traces the historical evolution of the movement but also covers current issues affecting women such as reproductive freedom political participation pay equity violence against women and gay civil rights **Ellen Browning Scripps** Molly McClain, 2019-12-01 Molly McClain tells the remarkable story of Ellen Browning Scripps 1836 1932 an American newspaperwoman feminist suffragist abolitionist and social reformer She used her fortune to support women s education the labor movement and public access to science the arts and education Born in London Scripps grew up in rural poverty on the Illinois prairie She went from rags to riches living out that cherished American story in which people pull themselves up by their bootstraps with audacity hard work and luck She and her brother E W Scripps built America s largest chain of newspapers linking midwestern industrial cities with booming towns in the West Less well known today than the papers started by Joseph Pulitzer and William Randolph Hearst Scripps

newspapers transformed their owners into millionaires almost overnight By the 1920s Scripps was worth an estimated 30 million most of which she gave away She established the Scripps Institution of Oceanography in La Jolla California and appeared on the cover of Time magazine after founding Scripps College in Claremont California She also provided major financial support to organizations worldwide that promised to advance democratic principles and public education In Ellen Browning Scripps McClain brings to life an extraordinary woman who played a vital role in the history of women California and the American West

Funding Feminism Joan Marie Johnson,2017-08-04 Joan Marie Johnson examines an understudied dimension of women s history in the United States how a group of affluent white women from the late nineteenth through the mid twentieth centuries advanced the status of all women through acts of philanthropy This cadre of activists included Phoebe Hearst the mother of William Randolph Hearst Grace Dodge granddaughter of Wall Street Merchant Prince William Earle Dodge and Ava Belmont who married into the Vanderbilt family fortune Motivated by their own experiences with sexism and focusing on women s need for economic independence these benefactors sought to expand women s access to higher education promote suffrage and champion reproductive rights as well as to provide assistance to working class women In a time when women still wielded limited political power philanthropy was perhaps the most potent tool they had But even as these wealthy women exercised considerable influence their activism had significant limits As Johnson argues restrictions tied to their giving engendered resentment and jeopardized efforts to establish coalitions across racial and class lines As the struggle for full economic and political power and self determination for women continues today this history reveals how generous women helped shape the movement And Johnson shows us that tensions over wealth and power that persist in the modern movement have deep historical roots
