Eligibility for Services and Guidelines for Off-Campus Referrals

The Middle Georgia State University Counseling Services provides individual counseling and psychotherapy utilizing a short-term, problem oriented, solution-focused model. This will generally mean a maximum of 8 to 10 sessions. As a group, traditional aged college students tend to seek services when in crisis and have pressing problems that find themselves in a short-term need. The following guidelines are provided for those situations in which a student's needs are not likely to be met by a short-term focused off-campus treatment.

1. Students must be enrolled in at least four (4) academic hours in order to utilize resources of the Office of Counseling Services.
2. Students with psychiatric conditions such as bipolar disorder, schizophrenia and recurrent serious depression should receive their psychiatric follow-up and psychotherapy off campus once these conditions require long-term follow-up. Counseling Services will offer students case management support that be offered focused on coping with the demands of the student role and recovery from campus psychiatric illness.
3. Students seeking treatment for alcoholism or drug addiction will be referred to programs off campus. All meetings there are provided for students who are just beginning the process of recovery or supplement their off-campus treatment.
4. Students diagnosed with psychosis must have a primary treatment provider in the community and a written treatment contract with that provider which spells out the role of Counseling Services, and establishes clear communication between the primary counselor, parents, student, and Counseling Services. Counseling Services will be limited to supportive crisis intervention and assistance with issues related to academic performance and adjustment to college. Students who present with O.P.I.C. or I Counseling Services with untreated psychosis previously.
