The Dimensions that Establish and Sustain Religious Identity Daniel H. Y. Low, 2018-05-02 Buddhism and Taoism remain vibrant and prominent in Singapore s religious landscape Yet little is known of why Chinese Singaporeans chose and remain in these ancient religions Analyzing over thirty face to face interviews with Buddhists and Taoists in Singapore this book provides a glimpse into their fascinating narratives consisting of encounters and experiences with the presence and power of spiritual realities A renewed understanding of Buddhism and Taoism will hopefully encourage readers of other religious traditions to create space for each other s religious identity Only then can we continue to live and share a multi

religious environment within the small nation state **The Daoist Tradition** Louis Komjathy, 2013-08-22 An introduction to Daoism as a living and lived religion covering key themes and topics as well as its history *Empire and Identity in Guizhou* Jodi L. Weinstein, 2013-10-13 This historical investigation describes the Qing imperial authorities' attempts to consolidate control over the Zhongjia, a non-Han population in eighteenth-century Guizhou, a poor, remote and environmentally harsh province in Southwest China. Far from submitting peaceably to the state's quest for hegemony, the locals clung steadfastly to livelihood choices, chiefly illegal activities such as robbery, raiding and banditry, that had played an integral role in their cultural and economic survival. Using archival materials, indigenous folk narratives and ethnographic research, Jodi Weinstein shows how these seemingly subordinate populations challenged state power The Oxford Handbook of Religion and the Arts Frank Burch Brown, 2014-02 This volume offers 37 original essays from leading scholars on the crucial topics, issues, methods and resources for studying and teaching religion and the arts **Religion, Ethnicity, and Gender in Western Hunan during the Modern Era** Paul R. Katz, 2021-08-20 This book explores how beliefs and practices have shaped the interactions between different ethnic groups in Western Hunan, as well as considering how religious life has adapted to the challenges of modern Chinese history. Combining historical and ethnographic methodologies, chapters in this book are structured around changes that occurred during the interaction between Miao ritual traditions and religions such as Daoism, with particular focus on the commonalities and differences seen between Western Hunan and other areas of Southwest China. In addition, investigation is made into how gender and ethnicity have shaped such processes and what these phenomena can teach about larger questions of modern Chinese history. As such, this study transcends existing scholarship on Western Hunan, which has stressed the impact of state policies and elite agendas by focusing instead on the roles played by ritual specialists. Such findings call into question conventional wisdom about the standardization of Chinese culture, as well as the integration of local society into the state by means of written texts. *Religion, Ethnicity, and Gender in Western Hunan during the Modern Era* will prove valuable to students and scholars of history, ethnography, anthropology, ethnic studies and Asian studies more broadly Historical Dictionary of the Peoples of the Southeast Asian Massif Jean Michaud, Margaret Byrne Swain, Meenaxi Barkataki-Ruscheweyh, 2016-10-14 Dwelling in the highland areas of Northeast India, Bangladesh, Southwest China, Taiwan, Burma, Myanmar, Thailand, Cambodia, Vietnam, Laos and Peninsular Malaysia are hundreds of peoples. Together, their population adds up to 100 million, more than most of the countries they live in. Yet in each of these countries, they are regarded as minorities. This second edition of *Historical Dictionary of the Peoples of the Southeast Asian Massif* contains a chronology, an introduction and an extensive bibliography. The dictionary section has over 700 cross-referenced entries on about 300 groups, the ten countries they live in, their historical figures and their salient political, economic, social, cultural and religious aspects.
