Dixon, 2020-09-28 It certainly is a mystery how those autos disappeared said Frank Hardy I'll say it is replied his brother Joe raising his voice to be heard above the clatter of their motorcycles Just think of it Two cars last week two the week before and one the week before that Some thieving I'll tell the world And Martin's car was brand new called back Chet Morton Mighty tough Frank affirmed It's bad enough to lose a car but to have it stolen the day after you've bought it is a little too much Must be a regular gang of car thieves at work The three boys on their motorcycles were speeding along the Shore Road that skirted Barmet Bay just out of Bayport on a sunny Saturday afternoon A person takes a big risk leaving a car parked along this road said Chet Every one of the five autos disappeared along the shore What beats me declared Frank turning out to avoid a mud puddle is how the thieves got away with them None of them were seen coming into Bayport and there was no trace of them at the other end of the Shore Road either Seems as if they just vanished into the thin air Chet slowed down so that the trio were riding abreast If the cars were only ordinary flivvers it wouldn't be so bad But they were all expensive high powered hacks Martin's car would be spotted anywhere and so would the others It's funny that no one saw them Some of these auto thieves are mighty smart opined Joe They certainly have their nerve working this road for three weeks and with everybody on the lookout for them It has certainly put a crimp in the bathing and fishing along the Shore Road He gestured toward the beach below Why usually on a Saturday afternoon like this you'll see a dozen cars parked along here What with boating and fishing and swimming lots of people used to come out from town Now if they come at all they walk And you can't blame 'em Who wants to lose a high priced car just for the sake of an hour's fishing It's certainly mighty strange Frank reiterated After taking two cars from almost the same place you'd imagine the thieves would be scared to

come back They have plenty of nerve that s certain It isn t as if the police haven t been busy They ve watched this road ever since the first car was lost and the other autos were stolen just the same They ve kept an eye on both ends of the highway and there wasn t a sign of any of them

Burn the Ships William C Jeffries,2024-10-02 We are surrounded by a twenty first century culture totally antagonistic to a Biblical worldview What the Bible teaches about God history ethics biology morality marriage gender the family personal responsibility abortion antisemitism the future and many other life altering issues has never been under so direct an assault by Naturalistic and ultimately Satanic forces Referring to contemporary American culture as secular or even as a post truth age is far too tepid a response In the United States we live in an increasingly defacto atheist culture Our trusted ally in this battle of worldviews must be the local church Sadly for too many years the organized church itself has been seduced by the very forces of culture it is meant to address It has largely failed in its biblical obligations and become the apostate church of the last days This book is intended to be a wake up call both to the individual Christian and to the local church to embrace a more engaged apologetic approach to ministry We are commanded by Peter always to be prepared to give an answer for the hope that is within us 1 Peter 3 15 That is our personal commission as believers as well as the obligation of the local church to prepare us for our individual mission fields We are engaged in a war of worldviews Is your local church preparing you for this battle or sitting this fight out on the sideline It is time to Burn Your Ships Find a local church that is willing to assist you in this life and death battle Keep looking until you do Chewing the Wafer William C Jeffries,2020-03-23 Whatever our calling in life our Christian faith should be evident in what we say and what we do our world view should be crystal clear Those who know me expect my books to be about leadership organizational performance and high performance teams This book is about taking our faith to work There is nothing special about me that is the point Even those of us living and working off the radar as cooks at Chick fil A cashiers at Walmart college professors business leaders union mechanics engineers safety inspectors at NASA or for some of us even serving as advisors to senior business leaders and foreign royalty have the opportunity to have our lives speak for the Christ who redeemed us After all our Lord came to redeem all of life not just the time we spend in church The question for me is am I an international consultant who happens to be a Christian or a Christian who chooses to be a consultant Which option I choose has specific implications for how I should live and work In one way or another that is the choice afforded to each of us What set of underlying considerations drives us what set of presuppositions underscores our lives What is our essential ontology and why have we been created Each of us should examine those things we do and the lives we live to ensure they can be clearly reflective of a Christian world view If they cannot it is time for a career change How does such a world view develop Where does it come from Because it is from the many stories in our lives that our eventual world view is constructed I will tell many stories and discuss how they contributed to the creation of an authentic Christian world view
