Darkness Shining Wild:

Darkness Shining Wild Robert Augustus Masters, 2005 **Mystery School in Hyperspace** Graham St John, 2015-11-24

Since the mid 1950s the psychoactive compound DMT has attracted the attention of experimentalists and prohibitionists scientists and artists alchemists and hyperspace emissaries While most known as a crucial component of the jungle alchemy that is ayahuasca DMT is a unique story unto itself Until now this story has remained untold Mystery School in Hyperspace is the first book to delve into the history of this substance the discovery of its properties and the impact it has had on poets artists and musicians DMT has appeared at crucial junctures in countercultural history William Burroughs was jacking the spice in Tangier at the turn of the 1960s It was present at the meeting between Ken Kesey s Merry Pranksters and Tim Leary s associates It guided the inception of the Grateful Dead in 1965 It showed up in Berkeley in the same year falling into the hands of Terence McKenna who would eventually become its champion in the post rave neo psychedelic movement of the 1990s Its indole vapor drifted through Portugal s Boom Festival and has been evident at Nevada s Burning Man where DMT has been adopted as spiritual technology supplying shape color and depth to a visionary art movement The growing prevalence of use is evident in a vast networked independent research culture and in its impact on fiction film music and metaphysics As this book traces the effect of DMT s release into the cultural bloodstream the results should be of great interest to contemporary readers The book permits a broad reading audience to join ongoing debates in studies in consciousness and theology where the brain is held to be either a generator or a receiver of consciousness The implications of the spirit molecule or the brain s own psychedelic among other theories illustrate that DMT may lift the lid on the Pandora s Box of consciousness Features a foreword by Dennis McKenna cover art by Beau Deeley and thirty color illustrations by various artists including Alex Grey Android Jones Martina Hoffmann Luke Brown Carey Thompson Adam Scott Miller Randal Roberts along with Jay Bryan Cyb Orrylene Defenestrade Bascule Art Van D lay Stuart Griggs Jay Lincoln Gwyllm Llwydd Shiptu Shaboo Marianna Stelmach and Mister Strange Regarded as the nightmare hallucinogen or celebrated as the spirit molecule labelled psychotogenic or entheogenic considered a dangerous drug or the suspected X factor in the evolution of consciousness DMT is a powerful enigma Documenting the scientists and artists drawn into its sphere of influence navigating the liminal aesthetics of the breakthrough experience tracing the novum of hyperspace in esoteric and science fiction currents Mystery School in Hyperspace excavates the significance of this enigmatic phenomenon in the modern world Exposing a great many myths this cultural history reveals how DMT has had a beneficial influence on the lives of those belonging to a vast underground network whose reports and initiatives expose drug war propaganda and shine a light in the shadows This conversation is highly relevant at a time when significant advances are being made to lift the moratorium on human research with psychedelics

Tryptamine Palace James Oroc, 2009-05-21 A journey from Burning Man to the Akashic Field that suggest how 5 MeO DMT triggers the human capacity for higher knowledge through direct contact with

the zero point field Examines Bufo alvarius toad venom which contains the potent natural psychedelic 5 MeO DMT and explores its entheogenic use Proposes a new connection between the findings of modern physics and the knowledge held by shamans and religious sages for millennia The venom from Bufo alvarius an unusual toad found in the Sonoran desert contains 5 MeO DMT a potent natural chemical similar in effect to the more common entheogen DMT The venom can be dried into a powder which some researchers speculate was used ceremonially by Amerindian shamans When smoked it prompts an instantaneous break with the physical world that causes out of body experiences completely removed from the conventional dimensions of reality In Tryptamine Palace James Oroc shares his personal experiences with 5 MeODMT which led to a complete transformation of his understanding of himself and of the very fabric of reality Driven to comprehend the transformational properties of this substance Oroc combined extensive studies of physics and philosophy with the epiphanies he gained from his time at Burning Man He discovered that ingesting tryptamines unlocked a fundamental human capacity for higher knowledge through direct contact with the zero point field of modern physics known to the ancients as the Akashic Field In the quantum world of nonlocal interactions the line between the physical and the mental dissolves 5 MeO DMT Oroc argues can act as a means to awaken the remarkable capacities of the human soul as well as restore experiential mystical spirituality to Western civilization

Entheologues: Conversations with Leading Psychedelic Thinkers, Explorers and Researchers Martin W. Ball, 2009-07-01 Entheologues presents a fascinating collection of interviews with top figures in the entheogenic field James Oroc talks about God 5 MeO DMT zero point energy and the Akashic Field Rick Strassman discusses his new book and shares the surprising results of his DMT study along with his hopes for an entheogenic research center Jan Irvin and John Rush discuss the roles of psychedelic mushrooms and other visionary sacraments in Christianity Judaism and Islam In the final interview Daniel Siebert gives a detailed history of Salvia divinorum Completing the book Martin W Ball makes a strong case for the human right to entheogen use as religious sacraments Was Jesus a psychedelic mushroom Do DMT experiences send people into alternate realities What is the legal status of entheogens for spiritual use Why are there so many mushroom images in Christian art Can 5 MeO DMT bring about realization of God These questions and more are answered in Entheologues

Spiritual Bypassing Robert Augustus Masters, Ph.D., 2010-07-27 A wonderfully significant and important book Ken Wilber The Integral Vision A timely and penetrating analysis of spirituality's shadow Stephen Batchelor Buddhism without Beliefs A spiritual teacher and integral psychotherapist offers a first of its kind study on how we use and abuse spiritual beliefs and practices revealing how to identify and move beyond what holds us back from living life fully Spiritual bypassing the use of spiritual beliefs to avoid dealing with painful feelings unresolved wounds and developmental needs is so pervasive that it goes largely unnoticed The spiritual ideals of any tradition whether Christian commandments or Buddhist precepts can provide easy justification for practitioners to duck uncomfortable feelings in favor of more seemingly enlightened activity When split off from fundamental psychological needs such actions often do much more harm than good

While other authors have touched on the subject this is the first book fully devoted to spiritual bypassing In the lineage of Ch gyam Trungpa s landmark *Cutting Through Spiritual Materialism* *Spiritual Bypassing* provides an in depth look at the unresolved or ignored psychological issues often masked as spirituality including self judgment excessive niceness and emotional dissociation A longtime psychotherapist with an engaging writing style Masters furthers the body of psychological insight into how we use and abuse religion in often unconscious ways This book will hold particular appeal for those who grew up with an unstructured new age spirituality now looking for a more mature spiritual practice and for anyone seeking increased self awareness and a more robust relationship with themselves and others The Wild Adventure Katharine

Tynan,1927 **Transformation through Intimacy, Revised Edition** Robert Augustus Masters, Ph.D.,2012-03-06 A comprehensive guide to intimacy through greater self awareness for those who want more loving passionate and liberating monogamous relationships Intimate relationship has long been viewed and lived as a lesser alternative to spiritual life More recently the need to integrate our spiritual and intimate lives rather than maintaining separate spheres and relationships on autopilot has become increasingly apparent Given the high rates of infidelity and divorce it would seem that the possibilities of freedom through intimacy have not been explored in much depth Too often we pull away when relationships become difficult missing out on the rewards of connecting more profoundly The passage from immature to mature monogamy is not only a journey of ripening intimacy with a partner but also a journey into and through zones of ourselves that may be very difficult to accept and integrate with the rest of our being *Transformation through Intimacy* explores intimate relationships through a four stage lens me centered we centered codependent we centered coindependent and being centered Bringing his many years of experience as a psychotherapist and spiritual practitioner to the subject relationship expert and integral psychoterhapist Robert Augustus Masters shows readers not only how to navigate the thickets of reactivity conflict shame anger fear and doubt but how to understand them in a new light so that a deeper level of relating to oneself and one s partner becomes possible opening new levels of trust commitment and love *Fairyland - the final work* Thor Fabian
