Maria Grasso, Marco Giugni

Cosmopolitan Democracy An Agenda For A New World Order:

Cosmopolitan Democracy Daniele Archibugi, David Held, 1995-04-06 The form of international regulation which dominated world politics for more than forty years has collapsed while no alternative has yet emerged The end of the Cold War has created new opportunities for developing an international order based upon the principles of legality and democracy But if these opportunities are not seized there is the danger that force will again prevail in the settings of international politics both within Europe and beyond The contributors to this volume offer an analysis of the contemporary conjuncture in international politics and present an alternative model of international organization cosmopolitan democracy This model is based upon the recognition of the continuing significance of nation states while arguing for a layer of governance that would constitute a limitation on national sovereignty The case is made for the creation of new cosmopolitan institutions which would coexist with the system of states but would override states in clearly defined spheres of activity The term democracy in this context refers not merely to the formal construction of new democratic institutions but also the possibility of broad civic participation in decision making and the redistribution of power at regional and global levels The six essays which comprise this volume present a highly original overview of the key international issues of our times as well as a novel agenda for the extension of democracy on a transnational basis The contributors are Norberto Bobbio Luigi Bonanate Mary Kaldor David Held Daniele Archibugi and Richard Falk

Humanitarian Intervention and the Responsibility To Protect James Pattison, 2010-02-25 Humanitarian Intervention and the Responsibility To Protect considers who should undertake humanitarian intervention in response to an ongoing or impending humanitarian crisis such as found in Rwanda in early 1994 Kosovo in 1999 and Darfur more recently The doctrine of the responsibility to protect asserts that when a state is failing to uphold its citizens human rights the international community has a responsibility to protect these citizens including by undertaking humanitarian intervention It is unclear however which particular agent should be tasked with this responsibility Should we prefer intervention by the UN NATO a regional or subregional organization such as the African Union a state a group of states or someone else This book answers this question by first determining which qualities of interveners are morally significant and second assessing the relative importance of these qualities For instance is it important that an intervener have a humanitarian motive Should an intervener be welcomed by those it is trying to save How important is it that an intervener will be effective and what does this mean in practice The book then considers the more empirical question of whether and to what extent the current interveners actually possess these qualities and therefore should intervene For instance how effective can we expect UN action to be in the future Is NATO likely to use humanitarian means Overall it develops a particular normative conception of legitimacy for humanitarian intervention It uses this conception of legitimacy to assess not only current interveners but also the desirability of potential reforms to the mechanisms and agents of humanitarian intervention

Legal Visions of the 21st Century Antony Anghie, Garry Sturges, 1998-10-29 Wouter de Vos

Progress or Collapse Roberto De Vogli, 2013-01-03 Human progress is heading toward collapse There are converging ecological crises looming on the horizon climate change peak oil water shortages fish depletion and food scarcities The world is on a collision course against the limits of the ecosystem Modern societies are consuming polluting and growing as if there is no tomorrow Indeed there may not be one In *Progress or Collapse* Roberto De Vogli guides us through the multiple converging global crises of economic progress He explores the connections between the environmental crisis and the psychological social cultural political and economic emergencies affecting modern societies It is not a coincidence the author argues that global ecological destruction is occurring in tandem with other crises rising mental disorders mindless consumerism rampant conformism status competition civic disengagement startling social inequalities global financial instability and widespread political impasse In this hard hitting analysis Roberto De Vogli identifies the root cause of all these symptoms of societal breakdown neoliberalism defined as market greed He argues that in recent decades modern societies have been dominated by a suicidal economic doctrine based on two articles of faith the greed creed and the market God The greed creed states that people are nothing but selfish profiteers in a perpetual search for status and wealth The market God is the belief that all societal and human affairs are best regulated as market exchanges What is to be done Can we stop progress toward collapse Given the current distribution of power and wealth and the state of psychological and political inertia in which we are trapped our chances of redefining progress around alternative values and embracing a new philosophy of life are slim Yet the history of human emancipation has often been shaped by giant leaps forward In the past civic struggles have overcome the limits of the possible Whether this will happen again in the future is the central question of our time This book will be of interest to researchers and students of ecology psychology public health epidemiology human development political philosophy economics sociology and politics [Elgar Encyclopedia of Political Sociology](#) Maria

Grasso, Marco Giugni, 2023-12-11 This comprehensive and authoritative Encyclopedia featuring entries written by academic experts in the field explores the diverse topics within the discipline of political sociology By looking at both macro and micro components questions relating to nation states political institutions and their development and the sources of social and political change such as social movements and other forms of contentious politics are raised and critically analysed

Justice and Morality Amanda Russell Beattie, 2016-04-22 Bridging the contending theories of natural law and international relations this book proposes a relational ontology as the basis for rethinking our approach to international politics Amanda Beattie challenges both the conventional interpretation of natural law as necessarily and intractably theological and the dominant conception of international relations as structurally distinct from the ends of human good in order to recover the centrality of other directed agency to the promotion of human development Offering an important contribution to the study of international political thought the book contains a number of challenging and controversial ideas which should provoke constructive debate within international relations theory political theory and philosophical ethics

Global Political Economy Kavous Ardalan, 2018-12-18 This book applies a multiparadigmatic philosophical frame of analysis to the global political economy Crossing two disciplines and lines of literature social philosophy and global political economy this book considers seven aspects of global political economy and discusses each aspect from four diverse paradigmatic viewpoints functionalist interpretive radical humanist and radical structuralist The four paradigms are founded upon different assumptions about the nature of social science and the nature of society Each paradigm generates theories concepts and analytical tools which are different from those of other paradigms developing an understanding of the different paradigms leads to a better understanding of the multi faceted nature of the subject matter In this book the first chapter reviews the four paradigms Each of the next seven chapters provides four paradigmatic explanations for each of the seven aspects of the global political economy The final chapter concludes by recommending further paradigmatic diversity This book will be of particular interest to students and researchers interested in political economy heterodox economics political science and international relations

Human Rights after Corporate Personhood Jody Greene, Sharif Youssef, 2020-11-03 Human Rights after Corporate Personhood offers a rich overview of current debates and seeks to transcend the outrage response often found in public discourse and corporate legal theory Through original and innovative analyses the volume offers an alternative account of corporate juridical personality and its relation to the human one that departs from accounts offered by public law In addition it explores opportunities for the application of legal personality to assist progressive projects including but not limited to environmental justice animal rights and Indigenous land claims Presented accessibly for the benefit of non specialist readers the volume offers original arguments and draws on eclectic sources from law and poetry to fiction and film At the same time it is firmly grounded in legal scholarship and thus serves as an essential reference for scholars students lawmakers and anyone seeking a better understanding of the interface between corporations and the law in the twenty first century

Debating Cosmopolitics Daniele Archibugi, 2020-05-05 Cosmopolitics the concept of a world politics based on shared democratic values is in an increasingly fragile state While Western democracies insist ever more vehemently upon a maintenance of their privileges freedom of speech security wealth an increasing number of the world s inhabitants are under threat of poverty famine and war What is needed the writers suggest is a deliberate decision to extend the principles and values of democracy to the sphere of international relations Recent experience does not bode well but their arguments which range from reform of the United Nations reduction of military weapons additional power for international judiciary institutions and an increase in aid to developing countries urge new and inspired action

The Necessary Nation Gregory Jusdanis, 2011-06-27 In this controversial look at nationalism Gregory Jusdanis offers a sweeping defense of the nation as a protector of cultural difference and a catalyst for modernization Since the end of the Cold War the nation state has undergone intense scrutiny among critics in the media and the academy Many believe that civic nationalism may be fruitful but that cultural nationalism fosters xenophobia and backward thinking Jusdanis

however emphasizes the positive collaboration between nation building and culture Through a series of critical readings of multicultural postcolonial and globalization theories the author reveals how nationalism enables people to defend their distinctive ways of life to fight colonial oppression and to build an independent society of citizens He explains why people over the last two hundred years have politicized their ethnic identities and have sought a union of culture and power within an autonomous nation state While seeking to defend nationalism Jusdanis also examines its potential to unleash extraordinary violence into the world He thus proposes federalism as a political solution to the challenges posed by nationalism and globalization Jusdanis applies the tools of disciplines ranging from anthropology to philosophy as he explores the nation building projects of numerous and diverse countries around the world What emerges is a fresh perspective on the subjects of national culture identity political nations globalization postcolonialism and diaspora

While this might not be the Cosmopolitan Democracy An Agenda For A New World Order full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of

Cosmopolitan Democracy An Agenda For A New World Order eBooks, including some popular titles.

FAQs About Cosmopolitan Democracy An Agenda For A New World Order Books

What is a Cosmopolitan Democracy An Agenda For A New World Order PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Cosmopolitan Democracy An Agenda For A New World Order PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Cosmopolitan Democracy An Agenda For A New World Order PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Cosmopolitan Democracy An Agenda For A New World Order PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Cosmopolitan Democracy An Agenda For A New World Order PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
