Counterpoint Composition Musica Criticism Analysis:

Prosdocimo de' Beldomandi's Musica Plana and Musica Speculativa Prosdocimo de' Beldomandi, 2024-05-13 Available in English for the first time Prosdocimo's *Tractatus plane musice* 1412 and *Tractatus musice speculative* 1425 are exemplary texts for understanding the high sophistication of music theory in the early fifteenth century Known for considering music as a science based on demonstrable mathematical principles Prosdocimo praises Marchetto for his theory of plainchant but criticizes his influential *Lucidarium* for its heterodox mathematics In dismissing Marchetto as a mere performer Prosdocimo takes up matters as broad as the nature and definition of music and as precise as counterpoint tuning and ecclesiastical modes The treatises also reveal much about Prosdocimo's understanding of plainchant his work with Euclid's *Elementa* and his familiarity with the music theory of Boethius Macrobius and Johannes de Muris A foremost authority on Italian music theory of the Middle Ages and early Renaissance Jan Herlinger consults manuscripts from Bologna Cremona and Lucca in preparing these valuable first critical editions

The Oxford Handbook of Critical Concepts in Music Theory Alexander Rehding, Steven Rings, 2019-11-19 Music Theory has a lot of ground to cover Especially in introductory classes a whole range of fundamental concepts are introduced at fast pace that can never be explored in depth or detail as other new topics become more pressing The short time we spend with them in the classroom belies the complexity and in many cases the contradictions underlying these concepts This book takes the time to tarry over these complexities probe the philosophical assumptions on which these concepts rest and shine a light on all their iridescent facets This book presents music theoretical concepts as a register of key terms progressing outwards from smallest detail to discussions of the music theoretical project on the largest scale The approaches individual authors take range from philosophical historical or analytical to systematic cognitive and critical theoretical covering the whole diverse spectrum of contemporary music theory In some cases authors explore concepts that have not yet been widely added to the theorist's toolkit but deserve to be included in other cases concepts are expanded beyond their core repertory of application This collection does not shy away from controversy Taken in their entirety the essays underline that music theory is on the move exploring new questions new repertories and new approaches This collection is an invitation to take stock of music theory in the early twenty first century to look back and to encourage discussion about its future directions Its chapters open up a panoramic view of the contemporary music theoretical landscape with its expanding repertories and changing guiding questions and offers suggestions as to where music theory is headed in years to come

A Critical History of New Music in China Jingzhi Liu, 2010 By the end of the nineteenth century Chinese culture had fallen into a stasis and intellectuals began to go abroad for new ideas What emerged was an exciting musical genre that C C Liu terms new music With no direct ties to traditional Chinese music new music reflects the compositional techniques and musical idioms of eighteenth and nineteenth century European styles Liu traces the genesis and development of new music throughout the twentieth century deftly examining the social and political forces

that shaped new music and its uses by political activists and the government **Music and Instruments of the Middle Ages** Tess Knighton, David Skinner, 2020 Essays on important topics in early music **Library of Congress Subject Headings** Library of Congress, 1995 **Library of Congress Subject Headings** Library of Congress. Office for Subject Cataloging Policy, 1990 **Bulletin...** Detroit (Mich.) College of the city of Detroit, 1926 **Library of Congress Subject Headings** Library of Congress. Cataloging Policy and Support Office, 1995 **Library of Congress Subject Headings** Library of Congress. Subject Cataloging Division, 1980 The Girls' School Year Book , 1916
