Through the Keyhole 2012 The series has two distinctive characteristics its genre hybridity and its interconnection with the larger canon of King s work The Dark Tower series engages with a number of distinct and at times dissonant genre traditions including those of Arthurian legend fairy tales the fantasy epic the Western and horror The Dark Tower series is also significant in its cross references to King s other works ranging from overt connections like characters or places to more subtle allusions like the sigil of the Dark Tower s Crimson King appearing in the graffiti of other realities This book examines these connections and genre influences to consider how King negotiates and transforms these elements why they matter and the impact they have on one another and on King s work as a whole **Stephen Kings Der Dunkle Turm Deluxe (Band**
