## **Das Auge Avantgarde R Soupault:**

**Haunted Bauhaus** Elizabeth Otto, 2023-12-20 An investigation of the irrational and the unconventional currents swirling behind the Bauhaus's signature sleek surfaces and austere structures The Bauhaus 1919-1933 is widely regarded as the twentieth century's most influential art architecture and design school celebrated as the archetypal movement of rational modernism and famous for bringing functional and elegant design to the masses In *Haunted Bauhaus* art historian Elizabeth Otto liberates Bauhaus history uncovering a movement that is vastly more diverse and paradoxical than previously assumed Otto traces the surprising trajectories of the school's engagement with occult spirituality gender fluidity queer identities and radical politics The Bauhaus she shows us is haunted by these untold stories The Bauhaus is most often associated with a handful of famous artists architects and designers notably Paul Klee Walter Gropius László Moholy-Nagy and Marcel Breuer Otto enlarges this narrow focus by reclaiming the historically marginalized lives and accomplishments of many of the more than 1.200 Bauhaus teachers and students the so-called Bauhüsler arguing that they are central to our understanding of this movement Otto reveals Bauhaus members' spiritual experimentation expressed in double-exposed spirit photographs and enacted in breathing exercises and nude gymnastics their explorations of the dark sides of masculinity and emerging female identities the queer hauntology of certain Bauhaus works and the role of radical politics on both the left and the right during the school's Communist period when some of the Bauhüsler put their skills to work for the revolution and later into the service of the Nazis With *Haunted Bauhaus* Otto not only expands our knowledge of a foundational movement of modern art architecture and design she also provides the first sustained investigation of the irrational and the unconventional currents swirling behind the Bauhaus's signature sleek surfaces and austere structures This is a fresh wild ride through the Bauhaus you thought you knew
