The British Comic Catalogue, 1874-1974 Denis Gifford, 1975 This is the world's first attempt at a catalogue of comics. It aims to list the title of every comic published in Great Britain from the first one in 1874 to the latest in 1974, some 1,900 titles in a century of comics. The entries contain details as to date of first and last issues, total number of issues published, names of publisher and distributor, original price and subsequent changes, amalgamations and incorporations of and into other comics, names of comic strip characters and their original artists with years of first appearance, names of editors and even details of Grand Free Gifts. Against the Stream Frederic Raphael, 2018-08-30 *Against the Stream* is the latest volume of Frederic Raphael's acclaimed memoirs. Personal Terms, an unrivalled parade of the author's eventful and provocative life, opinions and times drawn from his living and breathing cahiers and journals. Shrewd, funny, gossipy and elegantly written, as Jeremy Lewis said in the *Literary Review*, these writings are as unguarded, sardonic and tactless as they are candid. This seventh volume relives Margaret Thatcher's first years in office, Raphael's wide acquaintance in the world of politics, literature, journalism and the movies gives him rare access to the character of those in England and America who dominated the times. The unintended result is a Proustian parade of people famous and otherwise forgotten and events momentous and strictly personal, presented by an unabashedly partisan, unblinking eye witness. There is nothing else quite like this unfolding project in English or American literature. I am not a camera, but as these carnets prove, I am a pen. The moving finger writes differently from the clicking keys. In these notebooks, Raphael shows himself alert to every vanity, but his own shortcoming that far from repelling a reader, becomes part and parcel of their fascination. He is one of those writers who most reveals himself in his acerbic anatomy of others.

Psycho in the Shower Philip J. Skerry, 2009-04-01 This is a brilliant study of one scene in one movie, the shower scene from *Psycho*. Every other chapter is an extended interview with someone who worked on the original film or on Gus van Sant's remake from a few years ago. The non-interview chapters take various approaches to film criticism and refer often to the author and his writing of this book. It's lightly done but compelling and often very entertaining.
