

The **David Icke Guide** to the **Global Conspiracy** (and how to end it)

'Our society is run by insane people for insane objectives.
I think we're being run by maniacs for maniacal ends and
I think I'm liable to be put away as insane for expressing that.
That's what's insane about it'

David Icke Guide To The Global Conspiracy:

UFOs, Conspiracy Theories and the New Age David G. Robertson, 2016-02-25 How and why were UFOs so prevalent in both conspiracy theories and the New Age milieu in the post Cold War period In this ground breaking book David G Robertson argues that UFOs symbolized an uncertainty about the boundaries between scientific knowledge and other ways of validating knowledge and thus became part of a shared vocabulary Through historical and ethnographic case studies of three prominent figures novelist and abductee Whitley Strieber environmentalist and reptilian proponent David Icke and David Wilcock alleged reincarnation of Edgar Cayce the investigation reveals that millennial conspiracism offers an explanation as to why the prophesied New Age failed to arrive it was prevented from arriving by malevolent hidden others Yet millennial conspiracism constructs a counter elite a gnostic third party defined by their special knowledge An overview of the development of UFO subcultures from the perspective of religious studies UFOs Conspiracy Theories and the New Age is an innovative application of discourse analysis to the study of present day alternative religion

Modern Conspiracy Emma A. Jane, Chris Fleming, 2014-08-28 While conspiracy theory is often characterized in terms of the collapse of objectivity and Enlightenment reason *Modern Conspiracy* traces the important role of conspiracy in the formation of the modern world the scientific revolution social contract theory political sovereignty religious paranoia and mass communication media Rather than seeing the imminent death of Enlightenment reason and a regression to a new Dark Age in conspiratorial thinking *Modern Conspiracy* suggests that many characteristic features of conspiracies tap very deeply into the history of the Enlightenment its vociferous critique of established authorities and a conception of political sovereignty fuelled by fear of counter plots for example Perhaps ultimately conspiracy theory affords us a renewed opportunity to reflect on our very relationship to the truth itself
