California Family Law for Paralegals Marshall W. Waller, 2008-12-12 *California Family Law for Paralegals* is the only textbook for paralegals that focuses specifically on California family law. In its fifth edition, this straightforward textbook continues to provide California paralegal students with a practical framework for examining the full range of family law issues under California law. Among the characteristics that make this text the perfect choice for teaching California family law: A practical straightforward approach designed to teach the basics to paralegal students; A focus on the California Family Code integrating statutory law and judicial interpretation into a cohesive general discussion of family law and its various aspects; Examples of all the key Judicial Council forms used in the practice of family law in California. Unlike other California-specific books, this book was written specifically as a teaching tool and offers a format that helps students learn, including Chapter Overviews and Summaries, Exercises, Key Terms, and a Glossary. Updated and completely current. The Fifth Edition includes Revision of the text to reflect changes in the law with new cases and statutes. Completely updated forms. Advice on how technology can make family law practice more effective. Completely updated Instructor's Manual. A new streamlined organization with shorter, more teachable chapters. The only text of its kind. *California Family Law for Paralegals* offers comprehensive coverage in a readily accessible format of all the key topics and developments in this ever-evolving area of the law. *California Family Law Report*, 1998 *Clearinghouse Review*, 2001 *Family Law Services Handbook* Donald A. Glenn, Thomas F. Burrage, Donald DeGrazia, William Stewart, 2010-11-09 Up to fifty percent of financial forensic services are performed in divorces or in family law business valuations. Providing the first definitive publication on family law for accountants, this book addresses topics unique to family law accounting: tax valuation and practice. The coverage begins with pre-engagement of the client and proceeds through to trial and preparation and presentation. Sample checklists, work papers, and trial exhibits are included. CPAs and attorneys will benefit from this handbook's tips on providing financial services in the family law arena. *The New Lawyer, Second Edition* Julie Macfarlane, 2017-07-24 *The New Lawyer* analyzes the profound impact changes in client needs and demands are having on how law is practiced. Most legal clients are unwilling or unable to pay for protracted litigation and count on their lawyers to pursue just and expedient resolution. These clients are transforming the role of lawyers, the nature of client service, and the principles of legal practice. In this fully revised edition of the now classic text, Julie Macfarlane outlines how lawyers can meet new expectations by committing to lawyer-client collaboration, conflict resolution, advocacy, and revised financial structures so that the legal profession can remain relevant in this rapidly changing environment. **Alternative Dispute Resolution** Nancy F. Atlas, E. Wendy Trachte-Huber, 2000 This book examines various ADR practices, giving you the information you need to evaluate each technique and successfully apply them. Includes numerous checklists, practice tips, and sample agreements. *Vault Guide to the Top Southern California Law Firms*, 2007 Edition Brian Dalton, 2006-05-16 For the first time, Vault offers a guide focused entirely on major law firms with
