Jane Austen's Possessions and Disposessions Sandie Byrne, 2014-04-01 Who owns who buys who gives and who notices objects is always significant in Austen's writing placing characters socially and characterizing them symbolically Jane Austen's *Possessions and Disposessions* looks at the significance of objects in Austen's major novels fragments and juvenilia

Death and the Body in the Eighteenth-Century Novel Jolene Zigarovich, 2023-01-10 *Death and the Body in the Eighteenth Century Novel* demonstrates that archives continually speak to the period's rising funeral and mourning culture as well as the increasing commodification of death and mourning typically associated with nineteenth century practices Drawing on a variety of historical discourses such as wills undertaking histories medical treatises and textbooks anatomical studies philosophical treatises and religious tracts and sermons the book contributes to a fuller understanding of the history of death in the Enlightenment and its narrative transformation *Death and the Body in the Eighteenth Century Novel* not only offers new insights about the effect of a growing secularization and commodification of death on the culture and its productions but also fills critical gaps in the history of death using narrative as a distinct literary marker As anatomists dissected undertakers preserved jewelers encased and artists figured the corpse so too the novelist portrayed bodily artifacts Why are these morbid forms of materiality entombed in the novel Jolene Zigarovich addresses this complex question by claiming that the body itself its parts or its preserved representation functioned as secular memento suggesting that preserved remains became symbols of individuality and subjectivity To support the conception that in this period notions of self and knowing center upon theories of the tactile and material the chapters are organized around sensory conceptions and bodily materials such as touch preserved flesh bowel heart wax hair

and bone Including numerous visual examples the book also argues that the relic represents the slippage between corpse and treasure sentimentality and materialism and corporeal fetish and aesthetic accessory Zigarovich's analysis compels us to reassess the eighteenth century response to and representation of the dead and dead like body and its material purpose and use in fiction In a broader framework *Death and the Body in the Eighteenth Century Novel* also narrates a history of the novel that speaks to the cultural formation of modern individualism

Women, Politics and the Public Sphere Ann Brooks, 2019-04-24 *Women Politics and the Public Sphere* is a socio historical analysis of the relationship between women politics and the public sphere It looks at the fault lines established in the eighteenth century for later developments in social and political discourse and considers the implications for the political representation of women in the West and globally highlighting how women public intellectuals now reflect much more social and cultural diversity Covering the legacy of eighteenth century intellectual groupings which were dominated by women such as members of the bluestocking circles and other more radical intellectual and philosophical thinkers the book focuses on women such as Catherine Macaulay and Mary Wollstonecraft These individuals and groups which emerged in the eighteenth century established intellectual spaces for the emergence of women public intellectuals in subsequent centuries It also examines women public intellectuals in the US including Samantha Power Anne Marie Slaughter Elizabeth Warren Condoleezza Rice Susan Rice Hillary Clinton and Sheryl Sandberg

Trailblazing Women of the Georgian Era Mike Rendell, 2018-03-30 *Trailblazing Women of the Georgian Era* offers a fascinating insight into the world of female inequality in the Eighteenth Century It looks at the reasons for that inequality the legal barriers the lack of education the prejudices and misconceptions held by men and also examines the reluctance of women to compete on an equal footing Why did so many women accept that a woman's place was in the home Using seventeen case studies of women who succeeded despite all the barriers and opposition the author asks why in the light of their success so little progress was made in the Victorian era Representing women from all walks of life artists business women philanthropists inventors and industrialists the book examines the way that the Quaker movement with its doctrine of equality between men and women spawned so many successful businesses and helped propel women to the forefront In the 225 years since the publication of Mary Wollstonecraft's *A Vindication of the Rights of Woman* questions remain as to why those noble ideas about equality were left to founder during the Victorian era And why are there still so many areas where for historical reasons equality is still a mirage

Precarious Domesticity and the British Novel Henna Messina, 2024-11-19 *Precarious Domesticity and the British Novel* Space Gender and Empire investigates the ways domesticity shapes and threatens female characters in British fiction from the 1750s to the 1850s Going far beyond the well trod ground of the marriage plot women writers in this period explored complicated issues such as sexual abuse grief and the way coverture and inheritance laws challenged women's survival The author argues that women writers used the novel as a space where they could confront anxieties about the precarity of domesticity and the implicit threat of homelessness many

women of the middle ranks faced Precarious Domesticity explores the way female characters subvert these dynamics by reordering domestic space to enact ingenious and creative resistances to their marginalization in Jane Collier Sarah Scott Frances Burney Jane Austen Elizabeth Gaskell and Charlotte Bront The author also explores the implications of British imperialism s impact on domestic ideology both in the consumer products imported into England and the wealth derived from plantation slavery and global trade made possible by enslaved labor **Britain and Italy in the Long Eighteenth**

Century Rosamaria Loretelli, Frank O'Gorman, 2010-02-19 The essays in this collection range across literature aesthetics music and art and explore such themes as the dynamics of change in eighteenth century aesthetics time modernity and the picturesque the function of graphic ornaments in eighteenth century texts imaginary voyages as a literary genre the genesis of children s literature the Italian opera and musical theory in Frances Burney s novels Italian and British art theories and patterns of cultural transfers and of book circulation between Britain and Italy in the eighteenth century Collectively they epitomise the concerns and approaches of scholars working on the long eighteenth century at this challenging and exciting time In the absence of universally agreed overarching interpretations of the cultural history of the long eighteenth century these papers pave the way for the ultimate emergence of such explanations Authors discussed here include Margaret Cavendish David Russen Francis Hutcheson Reverend Gilpin Samuel Richardson Henry Fielding Laurence Sterne Dugald Stewart Dorothy Kilner Frances Burney Anna Gordon Brown Saverio Bettinelli Henry Ince Blundell Francesco Algarotti Ugo Foscolo and Francesco Domenico Guerrazzi Miss Jane Austen's Guide to Modern Life's Dilemmas Rebecca
