Celebritrees Historic And Famous Trees Of The World:

Celebritrees Margi Preus,2011-03-01 Some trees have lived many lifetimes standing as silent witnesses to history Some are remarkable for their age and stature others for their usefulness A bristlecone pine tree in California has outlived man by almost 4 000 years a baobab tree in Australia served as a prison for Aboriginal prisoners at the turn of the twentieth century and a major oak in England was used as a hiding place for Robin Hood and his men or so the story goes The fourteen trees in this book have earned the title Celebritrees for their global fame and significance Both in fact and in legend these fascinating trees remind us not only how much pleasure trees bring but what they can tell us about history The Brain Power Story

Hour Nancy J. Polette,2014-01-10 While many texts explore ways to plan and implement story times in both school and public libraries until now no work has brought together extensive book talks and follow up activities specifically designed to develop thinking skills in young children This innovative study offers age appropriate book suggestions with related questions and activities tailored to a variety of thinking skills including verbal or linguistic thinking divergent and creative thinking analytical and mathematical thinking visual or spatial thinking and many others The program presented in this volume was successfully developed and implemented in the preschool kindergarten laboratory school of Lindenwood University in St Charles Missouri with 90 percent of the participating children selected for gifted programs in both public and private schools Ideal for children s librarians school librarians teachers of early childhood gifted programs parents and homeschoolers this study provides the tools for making any story hour a brain power story hour **Booktalking Nonfiction** Jennifer

Common Core in Grades K-3 Roger Sutton,Daryl Grabarek,2014-09-26 The Common Core in Grades K 3 is the second in a series of comprehensive tools to tap into the vast flow of recently published books for children and teens offering recommendations of exemplary titles for use in the classroom Currency meets authority brought to you by the editors of the highly regarded review sources School Library Journal and The Horn Book Magazine This guide includes hundreds of selections for grades K 3 published since 2007 recommended by The Horn Book Magazine The titles are grouped by subject

and complemented by School Library Journal's Focus On columns which spotlight specific topics across the curriculum. Providing context for the guide and suggestions on how to use these resources within a standards framework is an introduction by Common Core experts Mary Ann Cappiello and Myra Zarnowski. These educators provide perspective on the key changes brought by the new standards including suggestions on designing lessons and two sample plans. Following the introduction you'll find a wealth of books by category. Note that the guide is Dewey Decimal based so you may want to dig around for example in Social Sciences to find some titles that you might first seek in History or Science. Each section includes a listing of the top titles with brief explicit annotations and key bibliographic data. Focus On articles are appended to appropriate categories to support in-depth curricular development. Each of these articles includes a topic overview and list of current and retrospective resources including some fiction and multimedia enabling educators to respond to the Common Core State Standards call to work across formats.

For Younger Readers, 2014 Talking Book Topics, 2014 Famous Trees Nakoa Rainfall, AI, 2025-02-19. Famous Trees explores the captivating stories of trees that have shaped history, inspired legends, and symbolized cultural values. These silent giants are not just passive elements but active participants in the human story. The book reveals the historical significance of trees in landmark events, their role in cultural narratives, and the symbolic power they hold across civilizations. For example, ancient olive trees of the Mediterranean are venerated for their role in mythology and sustenance. The book posits that individual trees can function as living monuments, embodying pivotal moments and cultural values. It unfolds in three sections: introducing the concept of famous trees, delving into specific case studies, and synthesizing broader conclusions about the human-tree relationship. By examining historical accounts, dendrochronological data, and folkloric traditions, Famous Trees offers insights into the past and a renewed appreciation for nature's enduring power. Targeted towards history enthusiasts and nature lovers, the book adopts a narrative non-fiction style, blending rigorous research with engaging storytelling. It emphasizes the importance of environmental stewardship and preserving these living monuments for future generations. The book's approach makes it a unique and valuable resource for understanding the intersection of natural history and human culture.
