Captain John Virginia Jess Browning:

America's Frontier Jess Browning, 2015-12-16 This book contains three short stories 1 Captain John England to Virginia 2 Caleb The Frontier Man and 3 Jeb His Family and History These short stories may be found as stand alone volumes but they are combined here since they represent a migration of characters across America's frontiers Since this work is historical fiction the author thought it was best to keep the facts straight however there is some embellishment about some of the people with regard to the characters The source for a lot of the material in the book comes from the historical non fiction works titled Captain John Browning A Family History in England and Virginia from 1255 to 1799 AD and Jess and His Family Their Genealogy and History *Captain John Browning* Jess Browning, 2015-04-02 Captain John Browning was born about 1588 in England and died about 1662 He allegedly married about the year 1614 Children were George and William in addition to accounts of other children including a Thomas Sometime around the year 1621 he and his family left England for Virginia where his descendants supposedly established a line of descendants that could be found throughout America His ancestors go back hundreds of years primarily in the counties of Gloucestershire and Dorset in England The interesting thing about him is that there is more speculation and less known about him than of many people in history This Second Edition is much enlarged and its index contains full names of thousands persons other than Browning as well as subject names The endnotes reference many of the sources The Gloucestershire Berkeley family had a large influence on Browning's both in England and Virginia and this work should be viewed as a theory of family history or historical fiction sometimes hysterical fiction It is sad that thousands of genealogical records are based on bad information It is hoped that any citations of this work be done with the proper caveats Appendixes E and F provides summaries of Captain John's ancestors and descendants from 1255 to 1681 which may or may not prove to be true with improved DNA data and testing The book also looks at Brown and Browne names for linkages in times where few Browning records were available in Virginia It uncovered more Browning locations in some Virginia locations where matching Brown and Browne families lived *Captain John Browning* Jess Browning, 2013-02-01 This story is about Captain John Browning who from most accounts was born about 1588 in Suffolk County England and died 10 June 1662 in York County Virginia He allegedly married Sybil Dameron of Gloucestershire England about the year 1614 Their children were George born about 1614 and William born about 1615 in addition to accounts of other children including a Thomas born about 1620 Then sometime around the year 1621 or so he and his family left England for Virginia where his descendants supposedly established a line of Southern Brownings whose descendant could eventually be found throughout America His ancestors in England go back hundreds of years in the counties of Suffolk Gloucestershire Dorset and Wiltshire The interesting thing about him and this story is that there is more speculation about him and less known than that of many people in history History of the Virginia State Society Virginia Daughters of the American Revolution, 1930 **Who's who in Engineering**, 1922 **Shenandoah Valley Pioneers and Their**
